**County Purchase CV-02-2017  
Calaveras County - Fujitsu Scanners for Growth  
(Quantity 8)**

## I. Overview:

Calaveras County ("County") would like to purchase eight (8) Fujitsu scanners for growth through the use of County funds. This County Purchase also includes the software licenses for the scanners as well as Hardware Support and Software Support Charges. The scope of this County Purchase includes the following:

- Hardware Charges
  - (8) Fujitsu FI-7160 Scanner (Type 1 Scanner), includes 1 year of Hardware Support
- Software Charges
  - (8) Perceptive CaptureNow PSIP TWAIN License
- Hardware Support Charges
  - (8) Fujitsu FI-7160 Scanner (Type 1 Scanner) - Additional 2 years of Hardware Support
- Software Support Charges
  - (8) Perceptive CaptureNow PSIP TWAIN License - 3 years of Software Support

### Assumptions:

- The Total Cost is an estimate and is subject to changes at the time of ordering. The estimate includes shipping/handling and taxes as appropriate. The final cost will be provided to the Consortium at the time of invoicing.
- New equipment will be delivered by the equipment vendor directly to the County's facility located at 509 E. St. Charles Street in San Andreas, California. The County will be responsible for completing equipment acceptance upon receipt of the new equipment.
- Taxes for hardware items were estimated at 7.25% and based on the initial shipping location of Eureka, California.
- The Consortium will transfer ownership of the eight (8) scanners purchased under this County Purchase to the County.
- The Consortium will retain ownership of all software licenses purchased under this County Purchase.
- Hardware and Software Charges will be invoiced and paid in full upon receipt of equipment acceptance.
- The equipment on this order will not be asset-tagged nor will the asset information be entered into CA Unicenter. As such, this equipment will not be tracked by the C-IV Project. The County will be responsible for loading the asset information into a County-provided inventory system.

- County IT staff will be responsible for the setup and installation of the eight (8) scanners and software on this County Purchase.
- All Fujitsu scanners are purchased with 3-year hardware support agreements from the date of purchase (unless noted otherwise). Once these hardware support agreements expire, the County will be responsible for funding any hardware support renewals or hardware refreshes via the execution of a separate County Purchase.
- All Lexmark CaptureNow PSIP Twain licenses are purchased with 3-year software support agreements from the date of purchase (unless noted otherwise). Once these software support agreements expire, the County will be responsible for funding any renewals of these Software Support agreements via execution of a separate County Purchase.
- Lexmark software licenses can only be used for the C-IV Imaging Solution, and not any other installation or instance of CaptureNow. These licenses can only be used for C-IV-related documents for the C-IV System.
- The County will be responsible for the purchase and installation of scanner maintenance kits.
- The County must approve this County Purchase and provide the corresponding approved Advance Planning Document ("APD") by December 31, 2017, otherwise the estimates provided in this County Purchase will not be valid and a new County Purchase will be required.

## II. Schedule:

The costs associated with this County Purchase will be incurred during State Fiscal Year ("SFY") 2017/18.
