Eligibility System,  
C-IV Project*

**County Purchase NV-01-2018  
Nevada County - Growth Scanners (Quantity 4)**

## I. Overview:

Nevada County ("County") would like to purchase four (4) Fujitsu Type 1 scanners for growth through the use of County funds. This County Purchase also includes the software licenses for the scanners, as well as Hardware Support and Software Support Charges. The scope of this County Purchase includes the following:

- Hardware Charges
  - (4) Fujitsu FI-7160 Scanner (Type 1 Scanner), includes 1 year of Hardware Support
- Software Charges
  - (4) Lexmark CaptureNow PSIP TWAIN License
- Hardware Support Charges
  - (4) Fujitsu FI-7160 Scanner (Type 1 Scanner) - Additional 2 years of Hardware Support
- Software Support Charges
  - (4) Lexmark CaptureNow PSIP TWAIN License - 3 years of Software Support

### Assumptions:

- The Total Cost is an estimate and is subject to changes at the time of ordering. The estimate includes shipping/handling and taxes as appropriate. The final cost will be provided to the Consortium at the time of invoicing.
- New equipment will be delivered by the equipment vendor directly to a County site located at 988 McCourtney Road in Grass Valley, California. The County will be responsible for completing equipment acceptance upon receipt of the new equipment.
- The County will be responsible for storing the equipment on this order until installation/deployment. The storage facility must be capable of holding all equipment at the outset of this project.
- The equipment on this order will not be asset-tagged, nor will the asset information be entered into CA Unicenter. As such, this equipment will not be tracked by the C-IV Project. The County will be responsible for loading the asset information into a County-provided inventory system.
- Taxes for hardware items were estimated at 8.0% and based on the initial shipping location of Grass Valley, California.
- Shipping/Handling charges for equipment items were estimated at a rate of 3.0%.
- The Consortium will transfer ownership of all hardware equipment purchased under this County Purchase to the County.
- The Consortium will retain ownership of all software licenses purchased under this County Purchase.
- Hardware, Software, Hardware Support, and Software Support Charges will be invoiced and paid in full upon receipt of equipment acceptance.

- County staff will be responsible for the setup and installation of the hardware and software on this order.
- The County will be responsible for the purchase and installation of scanner maintenance kits.
- All Fujitsu scanners are purchased with 3-year hardware support agreements from the date of purchase (unless noted otherwise). Once the hardware support has expired, any hardware support renewals or refreshes would be executed under a separate County Purchase
- All Lexmark CaptureNow PSIP TWAIN licenses are purchased with 3-year software support agreements from the date of purchase (unless noted otherwise). Once these agreements have expired, any support renewals or hardware refreshes would be executed under a separate County Purchase.
- Lexmark software licenses can only be used for the C-IV Imaging Solution, and not any other installation or instance of CaptureNow. These licenses can only be used for C-IV-related documents for the C-IV System.
- The County must approve this County Purchase as well as provide an approved Advance Planning Document ("APD") by September 10, 2018. Otherwise, the estimates provided in this County Purchase will not be valid and a new County Purchase will be required.

**II. Schedule:**

The costs associated with this County Purchase will be incurred during State Fiscal Year ("SFY") 2018/19.

**III. Total Cost:**

Total County Purchase Charges	SFY 2018/19	Total Cost
