**Current Design:** C-IV and CalSAWS allow more than one member of the AU with living in the home status of 'In the Home' and relationship type of 'Parent (Biological/Adoptive)' to have 'parental control' over a child under the age 6 with a 'pending' immunization verification. Also, the role of 'MMO' with the role reason of 'FTP-Immunization' can be imposed on multiple members in the AU who are designated as having 'parental control' over a child under the age of 6.

**Request:** During review of SCR CA-55378, the committee requested generated a list for workers to review CW cases without immunization record verification for children in the Assistance Unit (AU) who are under age 6 where there are two parents living in the home and only one parent has role of 'MMO' with role reason of "FTP Immunization".

**Recommendation:** Generate a list of cases with a CalWORKs program that meet the following criteria:

- Two active participants that have relationship type of 'Parent (Biological/Adoptive)' to the same MEM participant(s) under the age of 6 in the AU with a 'pending' immunization verification.
- Both active parent participants have a 'Living in the Home Status' of 'In the Home' under Household Status.
- Only one of those active parent participants has role of 'MMO' with role reason of 'FTP Immunization'
- Only one of those active parent participants has parental control over the MEM participant(s) under the age of 6 in the AU with a 'pending' immunization verification.

- List should include the following standard columns:

- 1) Case Name
- 2) Case Number
- 3) County
- 4) Unit
- 5) Unit Name
- 6) Office Name
- 7) Worker ID
- 8) Worker Name
