Description: (Including any step-by-step instructions)	<p>Purpose (Identify what Counties this CIT affects)</p> <p>The purpose of this CIT is to notify Los Angeles county that a list for SCR CA-215833 "Batch EDBC discontinued MC cases for Failed to Complete Redetermination for the month of May" has been posted to the CalSAWS web portal. The affected cases were April 2020 renewals discontinued effective May 01, 2020.</p> <p>Background</p> <p>SCR CA-214393 suspended the automated batch process for the Medi-Cal (MC) program in response to MEDIL I 20-07 instructions for public health crisis COVID-19. The suspended discontinuance batches evaluate Medi-Cal programs for Failure to Provide or Failure to Complete Redetermination in the LRS System. Although the suspension of the automated batch for the Medi-Cal program is currently in place, an unexpected issue occurred causing some cases to discontinue in the automated batch process. The issue is resolved, and no other months will be affected.</p>

Defect CA-215833 was created to rescind the discontinued cases back to the previous level of eligibility in a one-time batch that occurred on April 29, 2020. A Notice of Action (NOA) will be sent to customers to make them aware their benefits have been rescinded.

A list of cases that contain at least one person who was discontinued in the auto discontinuance batch and could not be opened in the rescind batch has been posted to the CalSAWS web portal.
