| **Current Design:** | The Restaurant Meals Batch EDBC Sweep Job (PB00E138) has not been running in production since 2017. This job was originally turned off due to issues with running for programs that were originally slated for discontinuance for non-receipt of RE or SAR7. The sweep logic was updated and tested to exclude individuals who were turning 60 years old and were scheduled for discontinuance for non-receipt of RE or SAR7 and to run in Targeted Program Mode in Batch EDBC to include the Supplemental Nutrition Benefit (SNB) program when CalFresh is run. However, the sweep job was not properly rescheduled so it was never turned back on. |
| **Request:** | Turn on the Restaurant Meals Batch EDBC Sweep Job for the C-IV counties. |
| **Recommendation:** | 1) Create a Batch Scheduler Change Request (BSCR) and Change Order to instruct the Batch Operations Team to reschedule the Restaurant Meals Batch EDBC Sweep Job (PB00E138) to run monthly on the 15th Calendar day of each month. 2. Perform Regression test on Restaurant Meals Batch EDBC Sweep job (PB00E138). |
