Other Agency Cross CA-214686; Reference: CH-160528

## **Current Design:**

CalSAWS Medi-Cal EDBC may grant eligibility to an individual that differs from the eligibility on the MAGI Determination. This can happen in several ways:

- 1. CalSAWS rules may determine an individual is eligible to both MAGI Medi-Cal and Non-MAGI Medi-Cal in the EDBC. CalSAWS allows the worker to elect one or the other. CalSAWS batch EDBC has logic to determine which benefit to elect.
- 2. CalSAWS Medi-Cal Hierarchy may grant Mega Mandatory, Deemed Infant, TMC, 4MC, CE or other CPP aid codes that differs from the eligibility on the MAGI Determination.
- 3. A worker may override the results on the EDBC due to several reason:
- <Override Reasons>

After EDBC is accepted and saved, CalSAWS sends a disposition with the Status and aid code (if applicable) to CalHEERS.

There is no element in the disposition to include a reason why the eligibility authorized in SAWS differs from the eligibility in the MAGI Determination.

The eHIT schema does not require to send the Medi-Cal Eligibility Status, status dates and/or Aid Code for MAGI Medi-Cal even when it differs from the eligibility in the MAGI Determination.

This causes a mismatch of information in the CalSAWS and CalHEERS.

## Request:

With CalHEERS Change Request 160528, CalHEERS will consume and save the Disposition information into the CalHEERS portal and update the CalHEERS downstream processes. The Systems will expand the information sent in the Disposition transaction to communicate the final eligibility authorized in the Accepted and Saved EDBC. The expanded information in the Disposition includes an Override reason, if applicable, and sending the authorized MAGI Medi-Cal eligibility.

- 1. Update eHIT to include Override Reasons in the Disposition transaction.
- · Admin Decision/ALJ ruling
- Program/Regulation Not Implemented
- CalHEERS/SAWS Defect
- 2. Map The Systems Medi-Cal EDBC Override reasons to the following three eHIT Override Reasons:
- Admin Decision/ALJ ruling
- Program/Regulation Not Implemented
- CalHEERS/SAWS Defect
- 3. Map the Medi-Cal Deemed Infant EDBC budget types to eHIT Override Reason 'Program/Regulation Not Implemented'
- 4. Update Disposition functionality as follows:
- o No longer send a Disposition for DERs not used in the Medi-Cal Accepted and Saved EDBC when there are multiple DERs for the same benefit month.
- # Update the DER status to 'Suppressed' for all additional DERs not used in EDBC for the same benefit month with status 'Reviewed'.
- o Send a Disposition for the DER used in EDBC even when the DER benefit month does not match the Accepted and Saved EDBC benefit month if the DER status is 'Reviewed'.

- # Update the DER status to 'Suppressed' for all additional DERs not used in EDBC for the same benefit month with status 'Reviewed'.
- o Include the MAGI Medi-Cal primary aid code, program status and effective dates
- o Send only one Disposition as a response to the CalFresh referral; CalFresh eligibility change Dispositions are no longer required.
- o Technical Note: Eligibility change Dispositions for CalWORKs and Medi-Cal will continue to send.
- 5. Modify eHIT logic to no longer mark a DER with 'Complete' status when a Disposition is sent for CalFresh or CalWORKs.
- 6. Update The Systems to display Dispositions.

## Recommendation:

- 1. Update the 'MAGI Determination Summary' page to display a Disposition section.
- 2. Update the 'MAGI Referral Detail' page with a button to open the new 'MAGI Disposition List' page to view all Dispositions associated to the DER.
- 3. Create a new 'MAGI Disposition List' page to display all Dispositions associated to a DER.
- 4. Create a new 'MAGI Disposition Detail' page to display the Disposition information.
- 5. Update the 'Person Association List' and 'Person Association Detail' pages to be dynamic and display the information for either a Disposition or an EDR.
- 6. Create a new 'MAGI Disposition Error Detail' page to display the Disposition Error received from CalHEERS.
- 7. Update eHIT to include an 'Override Reason' in the Disposition transaction for the Medi-Cal program when appropriate. The eHIT Override Reasons are:
- · Admin Decision/ALJ ruling
- Program/Regulation Not Implemented
- CalHEERS/SAWS Defect
- 8. Map the Medi-Cal EDBC Override reasons to the eHIT Override Reasons.
- 9. Map the Medi-Cal Deemed Infant EDBC budget type to eHIT Override Reason 'Program/Regulation Not Implemented'.
- 10. Update the eHIT logic to only send a Disposition for the DER used in the Accepted and Saved EDBC for a benefit month; update all prior DERs for the same EDBC benefit month with latest status 'Reviewed' to 'Suppressed'.
- 11. Update the eHT logic to send a Disposition for the DER used in the Accepted and Saved EDBC when the benefit month is a subsequent month from the DER; update all prior DERs for the same EDBC benefit month with latest status 'Reviewed' to 'Suppressed'.
- 12. Update the Disposition transaction to send the MAGI Medi-Cal primary aid code, program status and effective dates.
- 13. Update the eHIT logic to only send a CalFresh Disposition once as a response to the CalFresh referral.
- 14. Modify eHIT logic to not mark a DER with 'Complete' status when a Disposition is for CalFresh or CalWORKs.

Outreach Description:

**Operational Impact:**
