# CalSAWS | Enhancement Request (CER)

---

## Justification / Request Summary:

**Issue:**  
Wrap Around is currently listed as a program type in CalWIN. This allows counties to track these types of cases/issuances in the system.

San Francisco create separate cases for WRAP outside of the Foster Care case or as a standalone case when there is no associated Foster Care case. Both case types are tracked in CalWIN. The following windows are completed for WRAP cases.

- Collect Case Summary Detail
- Demographic Window
- Household Relationship
- Collect Individual Detail
- NSDI Window
- Case Comments

## Proposed Recommendation:

Request to add Wrap Around as a program type in CalSAWS in order to continue tracking cases in the process stated above.

## Priority/Implementation Consideration(s):

Implementing this change is a high priority for migration counties that currently track their WRAP cases in CalWIN. The availability of this program type is also needed for case conversion from CalWIN to CalSAWS.
