Topic

Important Points

Targeted for 22.03 release

Will update CW 29 – Will not implement in threshold languages because this form is intended for workers only.

The new NOA being created will display both form numbers at bottom of NOA.

CA 236572 has been created to add NA 213 version to the template repository.

CER for Review

- CER CA-232107 Immediate Need based on Qualifying question
- Region 6 will provide screenshots to show how functionality works in CalSAWS. Vote will be taken via email after screenshots are provided.

Discussion Items

- Monthly Productivity Reports (CA-235422 Update SAR7/RE Complete when Program is discontinued at SAR7/RE)
- CA-225996 ACL 21-52 Update CF 285, Add CF 285A, Cover Letter and Pre-Populated Application Source: Add requirement to Not have CF Application Sent at MC Intake
- No one was available from Region 3 who was familiar with why this was requested to be placed on the agenda.
Will add to the agenda for our next meeting.
- Currently CF 285 goes out for Counties who have opted into the batch job at MC Intake and MC Renewal.
In January all Counties will have this batch job run.
With CA-225996, the system will switch to sending the CF 285A with a cover letter.
Request is to modify the batch job to not have the CF 285A generated at MC Intake.
Request will be sent via email for Region responses as to whether we want the CF 285A to go out at Intake and Renewal or only at Renewal.

Open Discussion

- Caroline provided an update on the CER regarding including a pre-populated CF 37 to be sent out with CF packets.
- Votes were due at end of October. Only one county responded, so Caroline will be rejecting the CER
