**County Purchase KR-07-2017  
Kern County – Scanner Software Licenses (Quantity 50)**

## **I. Overview:**

Kern County ("County") would like to purchase fifty (50) scanner imaging software licenses through the use of County funds. The scope of this County Purchase includes the following:

- Software Charges
  - (50) Lexmark CaptureNow PSIP TWAIN License
- Software Support Charges
  - (50) Lexmark CaptureNow PSIP TWAIN License - 3 Years of Software Support

### Assumptions:

- The Total Cost is an estimate and is subject to changes at the time of ordering. The estimate includes shipping/handling and taxes as appropriate. The final cost will be provided to the Consortium at the time of invoicing.
- The software licenses are electronically delivered, therefore no shipping charges are included in this County Purchase.
- The Consortium will retain ownership of all software licenses purchased under this County Purchase.
- Software and Software Support Charges will be invoiced and paid in full upon receipt of the software licenses.
- County IT staff will be responsible for the setup and installation of the fifty (50) software licenses on this County Purchase.
- All Lexmark CaptureNow PSIP TWAIN licenses are purchased with 3-year software support agreements from the date of purchase (unless noted otherwise). Once these agreements have expired, any support renewals or hardware refreshes would be executed under a separate County Purchase.
- Lexmark software licenses can only be used for the C-IV Imaging Solution, and not any other installation or instance of CaptureNow. These licenses can only be used for C-IV-related documents for the C-IV System.
- The County must approve this County Purchase and provide the corresponding approved Advance Planning Document ("APD") by November 22, 2017, otherwise the estimates provided in this County Purchase will not be valid and a new County Purchase will be required.
