

***California Automated Consortium  
Eligibility System,  
C-IV Project***

**County Purchase YB-01-2018  
Yuba County – Scanners (Quantity 3)**

**I. Overview:**

Yuba County ("County") would like to purchase three (3) Type 1 scanners for break/fix purposes through the use of County funds. This County Purchase also includes Hardware Support Charges for the scanners. The scope of this County Purchase includes the following:

- Hardware Charges
  - (3) Fujitsu FI-7160 Scanner (Type 1 Scanner) (includes 1 year of Hardware Support)
- Hardware Support Charges
  - (3) Fujitsu FI-7160 Scanner (Type 1 Scanner) - Additional 2 years of Hardware Support

Assumptions:

- The Total Cost is an estimate and is subject to changes at the time of ordering. The estimate includes shipping/handling and taxes as appropriate. The final cost will be provided to the Consortium at the time of invoicing.
- New equipment will be delivered by the equipment vendor directly to a County-provided storage facility at 5730 Packard Avenue, Suite 100 in Marysville, California.
- Taxes for hardware items were estimated at 8.250% and based on the initial shipping location of Marysville, California.
- Shipping/Handling charges for hardware items were estimated at a rate of 3.0%.
- Hardware and Hardware Support Charges will be invoiced and paid in full upon receipt of equipment acceptance.
  - The County will be responsible for completing equipment acceptance upon receipt of the new equipment.
  - These charges will be invoiced to the County for State Fiscal Year ("SFY") 2017/18. Equipment acceptance must be completed by May 31, 2018 in order for the Hardware Charges to be invoiced to the County for State Fiscal Year 2017/18. Otherwise, these charges will be invoiced to the County for State Fiscal Year 2018/19.
- The equipment on this order will not be asset-tagged nor will the asset information be entered into CA Unicenter. As such, this equipment will not be tracked by the C-IV Project. The County will be responsible for loading the asset information into a County-provided inventory system.
- The Consortium will transfer ownership of the hardware purchased under this County Purchase to the County.
- County IT staff will be responsible for the setup and installation of the three (3) scanners on this County Purchase.
- The County will be responsible for the purchase and installation of scanner maintenance kits.
- This County Purchase includes three (3) Type 1 scanners, which are intended for break/fix purposes.

- Because the three (3) new Type 1 scanners will be used for break/fix purposes, no new software licenses for the scanners are included in this County Purchase.
- If the County would like to deploy any of the Type 1 scanners on this order as growth, additional software licenses and Software Support Charges would apply and would require a revision to this County Purchase.
- All Fujitsu scanners are purchased with 3-year hardware support agreements from the date of purchase (unless noted otherwise). Once these hardware support agreements expire, the County will be responsible for funding any hardware support renewals or hardware refreshes via the execution of a separate County Purchase.
- The County must approve this County Purchase and provide the corresponding approved Advance Planning Document ("APD") by April 30, 2018, otherwise the estimates provided in this County Purchase will not be valid and a new County Purchase will be required.

## II. Schedule:

The costs associated with this County Purchase will be incurred during State Fiscal Year ("SFY") 2017/18.
