# 1 OVERVIEW

---

To be eligible to participate in CalFresh, a student may need to satisfy one of the exemption criteria. Per ACL 17-05, a student is eligible for an exemption from the CalFresh (CF) student eligibility rule when the student is receiving Temporary Assistance for Needy Families (TANF) funded Cal Grant. ACL 17-05 also expanded the list of programs that qualify a student for an exemption from the CF student eligibility rule.

This SCR will update the system to comply with requirements outlined in ACL 17-05 and further enhance the functionality to correctly determine student exemptions when required.

## 1.1 Current Design

The system will aid a CalFresh (CF) student who is currently a 'Member' with age between 18 and 49, attending school full time or half time in College/Higher Education or Vocational-Classroom Only and meets one of the following:

1. Is an 'Active' 'Member' in a CalWORKs program case and currently eligible to CW in the budget month.
2. Is 'Incapacitated' or is 'Disabled'
3. Exerts parental control over a household member under the age of 6
4. Has Income with type code of 'JTPA/WIA Earned' or 'College Work Study'
5. Is self-employed at least 20 hours per week and receives gross weekly earnings at least equal to the 'Federal Minimum Wage' multiplied by 20 hours OR Is employed at least 20 hours per week and be paid for such employment
6. 'Employment & Training Program Participation' is Yes with WIOA, EOPS or Title IV Jobs program
7. Person is in 'Vocational-Classroom Only', and 'Employment & Training Program Participation' is 'No - High School Diploma or Equivalent Not Required'.

In the C-IV system, there are two additional checks:

8. 'Adequate Child Care Available' is No OR
9. Is a single parent or NPCR (Non-Parental Caretaker Relative) that exerts parental control over a household member that has reached age 6 but is under age 12 and the student has an attendance status of 'Attending-Full Time' in a college or higher education.

In the LRS system, there is one combined additional check:

10. Is a single parent or NPCR that exerts parental control over a household member that has reached age 6 but is under age 12 and the student has an attendance status of 'Attending-Full Time' in a college or higher education AND 'Adequate Child Care Available' is No

The system does not track Cal Grants received by students who meet TANF eligibility requirements and has no ability to provide a student eligibility exemption based on the receipt of Cal Grant (TANF funded) if required.

LRS only - PA 136 form which is used to help determine a participant's student eligibility for CalFresh has version 11/2012 in the Template Repository.

## 1.2 Requests

Per ACL 17-05, a student is eligible for an exemption from the CalFresh student eligibility rule when the student is receiving TANF funded Cal Grant. There are additional programs that qualify a student for an exemption from the CF student eligibility rule.

The existing exemption criteria for CF student based on the 'Adequate Child Care Available' for CF student eligibility rule needs to be modified to account for situations like single parent vs two-parent household, half-time vs full time school attendance.

The existing hours requirement for 'Employment' based CF student exemption needs to be modified to check for 80 hours a month

The existing Employment and Training criteria should be verified, or the verification shall not exist for the exemption to apply for student eligibility.

Soft validation should be provided for the new Employment and Training validation when 'pending' or 'Refused'

PA 136 form version needs to be updated to version 06/2018 and a new form 'CF Student Exempt Checklist' need to be added to the system.

New batch task should be created to identify 50 year old unaided active CalFresh students

## 1.3 Overview of Recommendations

1. Add new verification field for Employment and Training section on the School Attendance Detail page
2. Update the Employment & Training Program field to contain new program types on School Attendance Detail page.
3. Update the Type field of the Educational, Student income category on Income Detail page to allow the entry of Cal Grants.
4. Make updates to the system for the treatment of new income types across different programs.
5. Update the EDBC rule that determines whether a student is ineligible to CalFresh to account for the new Cal Grant income types.
6. Update the existing exemption criteria for CF student based on the 'Adequate Child Care Available' for CF student eligibility rule.
7. Update the existing 20 hours per week hours requirement for employment exemption to 80 hours per month.
8. Updated the student eligibility Employment and Training exemption to provide student exemption if the Employment and training verification is 'verified' or does not exist.

9. Add soft validation for 'Pending' and 'Refused' Employment and Training verification
10. Update existing Form PA 136 in Template repository (LRS Only).
11. Add a new Form CalSAWS CF 6177 'Student Exemption Checklist' to the template repository.
12. In LRS: Add Spanish translation for the new verification type 'School Attendance Employment and Training'.
13. Turn off CalFresh income verification threshold NOAs.
14. Create a batch to create a task for the worker to stop student exemption.

## 1.4 Assumptions

1. Case worker is responsible to verify the below mentioned TANF eligibility requirements for receiving Cal Grant and correctly add Cal Grant A, Cal Grant A - TANF, Cal Grant B, Cal Grant B - TANF, Cal Grant B Access or Cal Grant C to the system:
  - a. Currently unmarried; and
  - b. 25 years of age or younger; and
  - c. Has parental and/or student income of \$50,000 a year or less.Note: Existing system functionality of requesting verifications using CW 2200 form remains unchanged with this SCR.
- ~~2. Existing soft validation for pending and refused verifications apply to the new verifications added for employment and training field on the school attendance detail page.~~
3. Existing pending verification logic for income shall apply to the new added incomes in LRS
4. This new logic will be applied to ongoing EDBC's only. There will be no retro batch processing to determine student eligibility.
5. Fields not mentioned to be modified within the description of changes will retain their current functionality.
6. PA 136 – Student Eligibility/Ineligibility for CalFresh Worksheet, is an existing Form in LRS to determine if the CalFresh participant is a student and whether his/her income can be counted/exempted for the CalFresh household income. This form will not be added to C-IV system with this effort.
7. Requests for verifications will be sent to the customer in accordance to the county business process concerning verifications.

## 2 RECOMMENDATIONS

### 2.1 School Attendance Detail

#### 2.1.1 Overview

The School Attendance Detail page captures and displays information describing a case member's school attendance. Among the information captured on the page is type of school the case member is attending. If the school the case member is attending is of the type College/Higher Education or Vocational, the page captures whether they attend an employment and training program, and, if so, the page captures the type of that program.

Reorder the values of the School Attendance Type field and update the Employment & Training Program field to contain new program types.

## Figure 2.2.1 – School Attendance Detail Mockup

### 2.1.3 Description of Changes

1. Reorder the values of the School Attendance Type field so they appear in the chronological order, as follows:
  - a. Pre-School
  - b. Elementary School
  - c. Middle School / Junior High
  - d. High School
  - e. GED Preparatory
  - f. College/Higher Education
  - g. Vocational-Classroom Only
  - h. Vocational-Classroom/Training
  - i. Vocational-Training Only
2. Add the following values to the Employment & Training Program (CT 496) field:
  - a. AB 12/AB 212
  - b. CAFYES
  - c. CARE
  - d. CF E&T Program
  - e. Chafee ETV
  - f. EOP
  - g. FYSI
  - h. Guardian Scholars Program
  - i. McNair Scholars Program
  - j. MESA
  - k. Puente Project
  - l. State or Local Gov TP
  - m. Student Academic Services
  - n. Unaccompanied Refugee Minors
  - o. Other
3. In Edit and Create mode, the Employment & Training Program dropdown field will be sorted alphabetically, in ascending order, with the option of 'Other' at the end.
4. Increase the size attribute of the Employment & Training Program multi-select field to 9.
5. Add a field Called 'Verified' to the right of the Employment & Training Program field. This field will only display when the Employment & Training Program Participation field has a value of 'Yes'. When the School Attendance record is initially saved (or when the prior value of the Employment & Training Program Participation field is anything other than 'Yes') with this field displaying, a verification record will be created in the system with a Type of 'School Attendance Employment and Training'. If the value in the Verified field is changed, the verification record will be updated when the record is saved. If the verification record does not already exist, it will be inserted, upon save. If the School Attendance

record is edited and the Employment & Training Program Participation is switched from 'Yes' to another option, then the verification record will be deleted. When displayed, the new verification will be a required field, and it will default to the value of "Pending". This field will be a drop down that will contain the following values:

- a. Not Applicable
- b. Pending
- c. Refused
- d. Verified

The verification details for this new verification type will default to the following:

**Requested Date:** current date when the school attendance record is created with the new verification type

**Due Date:** 10 days after the requested date

**Date Received:** date when the verification value is set to "Verified". For all other verification values this date will be null.

NOTE – For newly created verifications in C-IV, the due date will only default to 10 days after the current date when the value in the verification field is "Not Applicable", "Pending", or "Refused." In LRS, the verification due date will default to 10 days after the current date for all available verification statuses. In both LRS and C-IV, the verification due date will be set to 10 days after the initial creation of the verification record, and will remain the same date regardless of any updates to the verification status from this page.

6. A View button will be added to the right of the Verified field and will navigate the worker to the Verification Detail page for the School Attendance Employment and Training verification record that is tied to the Verified field. This button will only be available in the LRS system.
7. The "Employment & Training Program Participation" dropdown field, the "Employment & Training Program" dropdown field, and the corresponding "Verification" field will be displayed below the "School Attendance Type" dropdown.

## 2.3 EDBC Rule Update

### 2.3.1 Overview

Update the CF student eligibility rule to exempt receipt of a Cal Grant income.

Update the existing exemption criteria for CF student based on the 'Adequate Child Care Available' for CF student eligibility rule.

Update the existing 20 hours per week check for employment exemption to check for 80 hours per month.

Update the existing Employment and Training exemption to be verified.

### 2.3.2 Description of Changes

1. Update the existing CF EDBC student eligibility rule to add a new student exemption in addition to the existing CF student exemptions. The student will be considered as exempt from CalFresh student eligibility determination if any of the following is true:
  - a) The student has an income type of 'Cal Grant A - TANF' and this income verification is in 'Verified' or 'Not Applicable' status.
  - b) The student has an income type of 'Cal Grant B - TANF' and this income verification is in 'Verified' or 'Not Applicable' status.
2. Update the existing CF EDBC student eligibility rule that applies a student exemption based on the 'Adequate Child Care Available' (mentioned in section 1.1.8, 1.1.9, 1.1.10). This exemption will now apply to a student that exerts parental control over a household member who has reached age 6 but is under age 12 and meets one of the following conditions:
  - a. Has an attendance status of 'Attending-Half Time' AND 'Adequate Child Care Available' is No
  - b. Has an attendance status of 'Attending-Full Time' AND meets one of the following criteria
    - i. Is a two-parent household and 'Adequate Child Care Available' is No
    - ii. Is a single parent or NPCR regardless of the value of 'Adequate Child Care Available'

Household Composition	Single Parent/NPCR	Two-Parent
School Attendance Status		
<b>Attending-Half Time</b>	If Adequate Child Care Available = 'No' then Exempt	If Adequate Child Care Available = 'No' then Exempt

<b>Attending-Full Time</b>	Exempt	If Adequate Child Care Available = 'No' then Exempt
----------------------------	--------	---

- Update the CF student eligibility exemption rule for a student who is employed and working a minimum of 20 hours a week (mentioned in section 1.1.5) to be using 80-hour monthly total. The Hours/Week value entered in the Employment detail page shall be used to calculate the monthly hours used in determining the employment exemption for student eligibility determination.

Example1: Employment dates: 7/1/2019 – 7/31/2019

Hours/Week: 20

Calculation: Week1- 7/1/2019- 7/7/2019- 20 Hours

Week2- 7/8/2019- 7/14/2019- 20 Hours

Week3- 7/15/2019- 7/21/2019- 20 Hours

Week4- 7/22/2019- 7/28/2019- 20 Hours

Week5- 7/29/2019- 7/31/2019- 20 Hours

Monthly hours: 20 + 20 + 20 + 20 + 20 =100 Hours

Example2: Employment dates: 5/1/2019 – 5/16/2019

Hours/Week: 25

Calculation: Week1- 5/1/2019- 5/7/2019- 25 hours

Week2- 5/8/2019- 5/14/2019- 25 hours

Week3- 5/15/2019- 5/21/2019- 25 hours

Monthly hours: 25 + 25 + 25 =75 Hours

Example3: Employment dates: 4/15/2019 – 5/17/2019

Hours/Week: 32

Calculation:

April: Week1- 4/15/2019- 4/21/2019- 32hours

Week2- 4/22/2019- 4/28/2019- 32hours

Week3- 4/29/2019- 4/30/2019- 32 hours

Monthly hours: 32 + 32 + 32 =96 Hours

May: Week1- 5/01/2019- 5/07/2019- 32 hours

Week2- 5/08/2019- 5/14/2019- 32 hours

Week3- 5/15/2019- 5/21/2019- 32 hours

Monthly hours: 32 + 32 + 32 =96 Hours

Note: This calculation is similar to the weekly income calculation for budgeting during EDBC run.

- Update the CF student eligibility exemption rule for Employment and Training program (mentioned in section 1.1.6) to provide Employment and Training exemption when all the following conditions are met:

- a) When 'Employment & Training Program Participation' is Yes
- b) Verifications for Employment and Training program is 'Verified' or does not exist

NOTE: In LRS, this verification shall not be a mandatory verification for any program. Failure to provide this verification shall only result in this exemption not being applied to the CalFresh student.

## 2.5 PA 136 Form (LRS only)

### 2.5.1 Overview

PA 136 form is used to help determine a participant's student eligibility for CalFresh. This Form will be replaced with a new version (06/2018) in the Template Repository.

See Supporting Documents #2 for FDD for PA 136 updates.

Note: This is an existing LA county specific form. This will not be added to the C-IV system.

### **2.5.2 Update PA 136**

Update PA 136 Form version to 06/2018 in English language.

## **2.6 CalSAWS CF 6177 - Student Exemption Checklist (New Form)**

### **2.6.1 Overview**

CalFresh Student Exemption Checklist form – CalSAWS CF 6177 will be used to help determine if a student is exempt from the CalFresh student eligibility rule. Currently, this Form does not exist in the LRS or C-IV systems. This new Form will be added to the Template Repository and will only be generated and printed locally.

Note: this Form was previously known as PA 6177. Since PA Forms are Los Angeles county specific forms and this Form is proposed to be used by all counties, CalSAWS CF 6177 is the new proposed Form number and is specific to CalFresh program.

New Form Number CalSAWS CF 6177 has been finalized upon Correspondence committee meeting.

See Supporting Documents #3 and #4 for FDD and Template.

### **2.6.2 Add CalSAWS CF 6177 Form to the Template Repository**

Add CalSAWS CF 6177 'CalFresh Student Exemption Checklist' Form version 3/2018 to the Template Repository in English and threshold languages mentioned below

LRS: Spanish, Korean, Armenian, Cambodian, Chinese, Russian, Tagalog, Vietnamese, Arabic, Farsi.

CIV: Spanish, Korean, Armenian, Cambodian, Chinese, Russian, Tagalog, Vietnamese, Arabic, Farsi, Hmong, Lao.

## 2.7 Spanish Translation for New verification type (LRS only)

New verification type added as part of this SCR will have the Spanish translations added to the system.

Update Category 170 to store the Spanish translations for the new verification type 'School Attendance Employment and Training'.

Spanish translated verification type will be shown on CW2200 and CF32 Forms when generated in Spanish language.

Spanish verbiage for 'School Attendance Employment and Training' will be provided after the correspondence committee approval.

## 2.8 Batch to create Task to Stop Student Exemption

### 2.8.1 Overview

The system will create a task for the worker to review CalFresh eligibility when the student turns age 50.

### 2.8.2 Description of Change

Create a new batch job to create a task for the worker to review CalFresh eligibility for all active CalFresh cases with an active participant with a role of 'Unaided Person (UP)', role reason 'Ineligible CF Student' and whose Age turned 50 in the month prior to batch run date excluding transitional CalFresh Cases.

Example: If batch runs May.1, all students that are Age 50 with a birthdate in the month of April and are not in transitional CalFresh Cases, create task to reassess CalFresh eligibility for the student.

## 4 REQUIREMENTS

### 4.1 Project Requirements

REQ #	REQUIREMENT TEXT	How Requirement Met
2.8.1.5	The LRS shall automatically evaluate/process ED/BC accounting for the impact of change(s) on all assistance units on a case, on an individual, and on any or all companion cases that could potentially be affected by the change(s).	This SCR updates LRS automated EDBC to comply with requirements outlined in ACL 17-05.
2.18.3.11	The LRS shall generate notices and NOAs in accordance with COUNTY-specified case and individual trigger conditions.	New Form 'CF Student Exempt Checklist' will be added to the system.
