

Region	County	Date and Time	Requestor
Region 4	Napa	6/12/2019 14:34	<p>For Napa, it would be nice to have the following:</p> <ul style="list-style-type: none"> • CW 2224 – CW HVI Informing Notice and Request in the Template Repository • A way to track when a participant has been offered HVI and whether they accepted or declined. Would like this to turn into a monthly report so we have the information to feed into the HVI 19 report. • A way to track they are in home visiting. So we are currently creating activities in the RDB for home visiting this is to track hours for WPR reporting. It would be nice to have something and unsure whether it is an activity, a need, or ??? that will allow us to enter information on the date they enter into the HVI program and the date they leave the HVI program with reason, outcome, etc. It would also be nice if it tracks from the start to the end of 24 months or child age 2 (whichever is later) <p>o The hard part gets that we still have to track HVI services when someone discontinues from CW because they remain eligible to HVI and it would be nice to still be able to pull reports on who is in the program even if no benefit programs are effective.</p> <ul style="list-style-type: none"> • Would there be a place or way to identify someone being in HVI when we ICT a case in/out of the County (for information purposes only). • Populate a portion of the HVI 19 report to pull monthly – Some of these items will be potentially manually tracked out of the system, however things such as # offered, # in services, # declined, # of pregnant HVI individuals, # of first time parents, age of children, whether they participate in WTW activities, transitioned off of HVI, length of time on HVI when transitional off. And then of course the specific population each of these are in.

Region 6	Humboldt	6/12/2019 13:45	<p>Humboldt Co DHHS Social Services-CalWORKs entered into an MOU with Humboldt Co DHHS Public Health-Nurse Family Partnership to provide services.</p> <p>System needs: A way for employees to indicate the below data (and a monthly 'On Request' report to obtain the information):</p> <ul style="list-style-type: none">•Offered HVI home visits?•Declined HVI home visits?•Enrolled in HVI.•Transitioned off HVI.•Transitioned from HVI to a signed WTW plan.•Calculation indicating who received HVI services within the below time frames: a.1-5 months b.6-11 months c.12-17 months d.18-23 months e.24 months and over <p>Other proposed reporting elements need to come from PH using a different case management system.</p>

Region 2	San Bernardino	6/10/2019 14:29	<p>1.How are coun es implemen ng this program? San Bernardino is implementing the HVI program using a County Partner (contract/MOU), Preschool Services Department (PSD). Together, PSD and Transitional Assistance Department (TAD) are working to offer HVI services to all current CalWORKs families who qualify (using monthly eligibility reporting).</p> <p>2.Are they contrac ng this out? See the response above</p> <p>3.What do they need in the system to assist with case management? t? The following would be helpful programming:</p> <ul style="list-style-type: none"> •Pre-popula ng a referral/eligibility form for poten ally eligi ble par cipants ass this could be used by TAD/PSD to complete enrollment. •Programming the state report would also be helpful. <p><u>Sawyer, Sherice - Sent: Tuesday, June 11, 2019 8:27 AM</u></p> <p>Q. A follow up question to R2, do they plan to use SAWS to record HVI data collection needed to determine eligibility? Eligibility determinations are made based on a monthly report generated (locally) using C-IV, and are confirmed by Eligibility/Contractor staff. All cases associated with HVI are also Journaled, as appropriate.</p> <p>Q. Also, do they plan to use SAWS to issue any HIV payments? Yes. All payments associated with HVI Supportive Services (excluding those related to the \$500 H&S), will be made by the CWD/TAD via C-IV.</p> <p>Ps. The system cannot produce a state report if the data needed for the report is not in the system.</p> <p><u>Rhonda Staple, MAM</u></p> <p>On a side-note and in line with our first bulleted response for (original) question 3 above, a C-IV generated report indicating customers potentially eligible for HVI services would be useful.</p>
----------	----------------	-----------------	--

Region 7	Siskiyou	6/13/2019 8:20	<p>Siskiyou County:</p> <p>1.How are counties implementing this program?</p> <p>i.In Siskiyou County, Public Health applied for the CW HVI and has contracted with the CWD for provision of collaborative services. PH is the lead agency and will submit invoices and time studies to the CWD so that the costs can be charged to the HVI through the CEC. Although PH is lead agency, the HVI funding is received by the CWD which makes PH a sub-recipient of the funds even though they were the applicant. All HVI supportive services payments will be issued external to the C-IV system. 2.Are they contracting this out?</p> <p>i.See answer to #1.</p> <p>3.What do they need in the system to assist with case management?</p> <p>i.Nothing to add as we have not implemented the program as of yet. CWD will track activities and hours and the like. The answer to this question may change after implementation.</p>
Region 7	Lassen	6/13/2019 8:20	Lassen County does not participate in the HVI program at this time
Region 7	Shasta	6/13/2019 8:20	<p>Shasta County:</p> <p>How are counties implementing this program? We are working with our Public Health, Nurse Family Partnership program. We are working to develop a co-case management system and process to verify attendance in HVI activities.</p> <p>Are they contracting this out? No we have an MOU with our NFP program through Public Health.</p> <p>What do they need in the system to assist with case management?</p> <p>Public Health does not have C-IV access. We would like the following to assist in referrals:</p> <ul style="list-style-type: none"> •C-IV identifier to avoid referring CW recipients already enrolled. Suggest it be included in Eligibility tab screens as well as Empl. Services since not all counties have integrated workers with access to both. •Add CW 2224 to C-IV forms.

Region 6	Mendocino	6/12/2019 8:33	<p>Mendocino County Reply:</p> <p>How are counties implementing this program?</p> <p>- Implemented by Public Health</p> <p>Are they contracting this out? - No</p> <p>What do they need in the system to assist with case management?</p> <p>- Public Health does not have C-IV access. We would like the following to assist in referrals:</p> <ul style="list-style-type: none"> •C-IV identifier to avoid referring CW RE recipients already enrolled. Suggest it be included in Eligibility tab screens as well as Empl. Services since not all counties have integrated workers with access to both. •Add CW 2224 to C-IV forms.
Region 6	Lake	6/12/2019 8:33	<p>Lake County is contracting with our Public Health Department for HVI. We will refer all eligible CW clients who meet the program criteria after the client signed a release of information, and send the opt in form to Public Health. They will manage the program and we will coordinate services & case management with them in regular meetings. They will be responsible for handling all reporting required. The eligibility worker will journal that the client was informed of HVI, opted in or out, and we will use a case flag to identify HVI referrals.</p>
Region 6	Nevada	6/13/2019 8:33	<p>Nevada County does not participate in the HVI.</p>
Region 6	Glenn	6/13/2019 8:33	<p>Glenn County does not participate in HVI.</p>
Region 3	Monterey	6/7/2019 8:48	<p>Monterey County is in the process of setting up the HVI program and would like to use C-IV to collect the information and disperse benefit issuances.</p> <p>On the Need Detail page add the following Category and Types:</p> <ul style="list-style-type: none"> •Category Add- HVI-PAT Services •Type Add- Add Child Development Services, Ancillary, Transportation, Other
Region 3	Monterey	5/31/2019	<p>How are counties implementing this program? We have developed a co-case management process/program in conjunction with our contractor, First 5Monterey County.</p> <p>Are they contracting this out? Yes, What do they need in the system to assist with case management? That would be a detailed discussion that should start with the WTW committee, at a first glance we need a way to identify the customer as an HVI participant, a check both in WTW program status area??? Or can be an activity type?</p>
