Consortium Contact: Lien Phan

Team Responsible: Online

Requested By: Los Angeles

Project Phase (SCR): Production

Change Type (SCR): Operational Enhancement

Current Design: The Cal-Learn Graduation Rate is measured by the number of teens who completed at least the 11th grade and graduated or left the program for specific reasons. Currently, there is no “grade” field on the School Attendance page; therefore, the Graduation Rate is incorrect on the Cal-Learn Performance Measures Report. The report is needed to monitor the performance of the Contractors.

Request: This is a high priority, because we need to monitor the Graduation Rate of the Contractors and the rate cannot be calculated at this time due to this missing field. The data has not been available since LRS implementation and we are currently unable to provide it to the Board or Ms. Jiménez.

Recommendation: Add a “Grade” field with a dropdown on the School Attendance page with the following values:

- Preschool
- Kindergarten
- 1st Grade
- 2nd Grade
- 3rd Grade
- 4th Grade • 5th Grade • 6th Grade • 7th Grade • 8th Grade
- 9th Grade
- 10th Grade • 11th Grade
- 12th Grade

The “Grade” field is not required to be mandatory. It will be used by the Cal-Learn Units, primarily at the San Gabriel Valley GAIN Region III.

When this field is updated with a value of 11th Grade or higher, it will be collected on the existing CalLearn Performance Measures Report under the Graduation Rate in the following cells: b:21, c:21, d:21, e:21 and f:21. Please refer to SCR CA-49025.

Received 7 votes (3 from LA and 4 from others), which according to the new CalSAWS process is enough to move forward.

Please see attached emails with the votes.
