### **SOR Requirement Details:**

The CONTRACTOR shall add additional values in the "Type" field on the Journal Search page in the CalSAWS Software. The additional values in the "Type" field will be confirmed in future design sessions with all 58 Counties.

Assumption: Any removal of values in the "Type" field will need to retain the history.

### **Contractor Assumptions:**

- The following requirement states "The additional values in the "Type" field will be confirmed in future design sessions with all 58 Counties". This requirement references new scope that will be defined during the Design phase. CONTRACTOR has not estimated this future scope. When the future scope is defined, CONTRACTOR will provide an updated estimate.
- The Types will be set for all 58 counties and not customizable by county. The additional Types will also appear in the Journal Type drop down on the Journal Detail page.
