<b>Current Design:</b>	When some information is missing for parents, their children may be given a temporary eligibility status of Conditionally Eligible. Depending on the reasons, this status can be valid for up to 3 months. After that, the status is no longer valid. Eligibility Worker is expected to collect more information for the case and move it to either Eligible (without condition) or Ineligible/Discontinued.		
<b>Request:</b>	If a person is not moved from Conditionally Eligible status in due time, it is considered a County Error. The system does not provide any means of tracking or managing the cases where Conditional Eligibility is received. Worker has to manually create tasks or visit every case to locate such individuals.		
<b>Recommendation:</b>	<ol style="list-style-type: none"> <li>1) Update The Systems to display "Conditionally Eligible" as a "Household Eligibility" status when at least one person is MAGI Conditionally Eligible in the MAGI Determination on the MAGI Determination List page.</li> <li>2) Create an Automated task for CEW to manage cases where Conditionally Eligibility is received.</li> </ol>
