Project Phase (SCR): Migration

Change Type (SCR): Policy Re-Design

Regulation Reference: XX-XX

Regulation Letter Issue Date: 12/31/2013

Regulation Effective Date: 12/31/2013

Estimate: 750

Outreach Required: No

Funding Source: CalSAWS DD&I

Current Design: In LRS:
 If all the participants are applying for MPPP and all of them are getting SSI/SSP, then the program is not subjected to RE.
 This was implemented as defect resolution 10373 / RTC WI 23955 in May 2015 (Before first LRS rollout). Which part of the design was defective is not known at this time.
 In C-IV:
 In accordance to system design, all Active MC programs must have an RE period.

Request: Remove the migration gap.

Recommendation: Allow C-IV counties to inherit the CalACES implementation at migration. Or, Remove the migration gap by getting approval for and implementing a C-IV SCR for the same. Or, Confirm through the 40-county design process all Medi-Cal programs must have an RE period; use a work item to change CalACES implementation.
