Topic

CA-203636: DDID 1967: Medi-Cal Renewal Periods for MPPP Households

- Update
- Policy clarification received from DHCS
- Updated to set a RE due date for SSI QMB population

- DHCS verified MPPP does require an RE
- This SCR will be changed to add new RE date. RE packet will not be sent out and counties should review MPPP case and MEDS to manually complete RE
- Counties gave feedback on their current business practices on SSI/SSP only MPPP REs

CA-203824 | CIV-11725: Add functionality to manage Conditionally Eligible status in MAGI Determinations

- Sent out via e-mail on 10/17/2019
- Release 20.01
- Approval requested
- Presented by Rajan Vadapalli

- SCR will add "conditionally eligible" HH eligibility status to DER. Conditionally Eligible status will show when at least one individual is conditionally eligible in the HH with no pending individuals
- New automated task will alert worker if the latest DER has a conditionally eligible individual. Counties would have to option to opt out of this task but the SCR will have the task as opted in. The batch run for the task will be daily but the conditionally eligible task will only generate if there is not already a conditionally eligible task
- When SCR goes into effect, it will only look at DERs with a come-up month so it won't look at all past DERs
- All regions approved SCR

CA-200626 – DDCR 4040: Update Batch EDBC to elect MAGI when a person is eligible to both MAGI and Non-MAGI

- Release 20.03
- Discussion
- Presented by Renee Gustafson

- C-IV will always elect MAGI when batch EDBC is run and an individual is eligible to both MAGI and Non-MAGI. LRS only defaults to MAGI when batch EDBC is run in RE mode. Otherwise, batch EDBC will elect MAGI if prior EDBC had elected for MAGI, otherwise, the batch EDBC becomes read only
- Defaulting to 'Elect MAGI' may move someone on TMC to a MAGI Aid code with a premium. Should we have an exception for TMC? Yes. If they are on TMC, they will stay on TMC
- Will get numbers from LA on Read-Only cases ~3000 a month (Probably on Skip List for cannot Elect benefits MAGI or Non-MAGI)

- County item: Region 5 – San Bernardino
- Discuss date list of cases requiring manual discontinuance is generated/posted

- Batch functionality occurred a month earlier than expected and 41,500 reminder notices were sent out for C-IV counties
- County asked if discontinuance batch list of pending/eligible individuals can be sent on 3rd business day of the month instead of the 10th. Elisa will send out an email to counties (C-IV) asking for feedback on this
- Currently, C-IV is not programmed for individual discontinuances. However, SCR CIV-104584 will allow for it and is scheduled for 20.06

County Walk-on Items

- Action Item: Elisa – Access to JIRA not provided to all RCMs. (PPOCs have access to JIRA or request Elisa/Nina for items needed)
- SCR CA-209311 to be prioritized in top 10 and create corresponding CIV SCR.
 - MC 355: Add a view button to the task to direct the worker to the document received with the MC 355 cover letter and update character limit to 500.
 - Action Item: Renee – To find out how imaging works at C-IV with the Barcode (view button).
 - Currently, the top 10 list does not have 10 SCRs on it, do counties want to add this SCR to the top 10 list. There will be a call for a vote on adding this SCR to the list in the near future

Topic

- Issue with CalHEERS: Erroneously pending cases; results showing Pending Eligible instead of Eligible. Batch is returning for pending Medicare verification and a RE packet is sent to the customer. CalHEERS Comments – A permanent fix may be coming by the end of this week. Counties asked for the list after the CalHEERS fix.
- U-DERs for January benefit month
If counties are seeing U-DERs for January, they should send a CalHEERS ticket in because this is not a SAWS issue
