Non-Committee

Review:
Expedite Approval:
Current Design: The Systems' Medi-Cal Hierarchy for the Requested Medi-Cal Type "Medi-Cal" tests eligibility in the following order:
 MAGI Medi-Cal Eligibility
 Non-MAGI Medi-Cal Eligibility

The Systems have the "No Potential MAGI" Requested Medi-Cal Type which allows a Worker to run through the Non-MAGI Medi-Cal Eligibility Rules only without requiring a MAGI Determination (per ACWDL 18-16). A household is considered "No Potential MAGI" eligible when there is no MAGI Medi-Cal eligibility due to:
 being aged, blind or disabled and receiving Medicare
 and
 there is no dependent child or pregnant person(s) in the household

The Systems have several page validations on Run EDBC, Negative Action and Request MAGI pages to ensure that a Worker uses "No Potential MAGI" Requested Medi-Cal Type only when appropriate.

The Systems have available Requested Medi-Cal Types that are outdated and no longer used.
 1931 for Adult Minor Parent
 Medi-Cal – Property Disregard
 Medi-Cal – No Property Information
 Express Lane Adults 19-64
 Express Lane Parents 19-64
 Express Lane Under 19

Request: Per ACWDL 17-03, the Mega Mandatory group must be evaluated before MAGI Medi-Cal in the Medi-Cal Hierarchy and the Optional Categorical programs (A&D FPL, Blind FPL and Working Disabled 250%) must be evaluated before Medically Needy/Medically Indigent programs (ABD MN, AFDC MN, MI Child, MI Pregnant). The Mega Mandatory group must be evaluated before MAGI Medi-Cal; therefore, a MAGI Determination is not required to test for Mega Mandatory.

Incorporate the check for No Potential MAGI in the Full Medi-Cal Hierarchy EDBC Rules instead of requiring the Worker to set the Requested Medi-Cal type "No Potential MAGI."

Recommendation: Remove the MAGI hard validations from Run EDBC, Negative Action and Manual EDBC page that requires a MAGI Determination prior to running Medi-Cal EDBC for Requested Medi-Cal Type "Medi-Cal" when at least one of the person on the Medi-Cal program block has Full Medi-Cal Hierarchy = 'Yes'.

Update the Medi-Cal EDBC Rules to evaluate Mega Mandatory first in the Medi-Cal hierarchy with below priority:
 Disabled Adult Child (DAC)
 Pickle
 Disabled Widow/Widower
 Medicare Savings Programs (MSP)

Update the Medi-Cal EDBC Rules to incorporate the check for No Potential MAGI to determine if a MAGI Determination is required to continue with the Medi-Cal EDBC.

Update Medi-Cal EDBC Rules to evaluate Optional Categorical programs before Medically Needy/Medically Indigent programs.

Remove the following Requested Medi-Cal Types:

- No Potential MAGI
- 1931 for Adult Minor Parent
- Medi-Cal – Property Disregard
- Medi-Cal – No Property Information
- Express Lane Adults 19-64
- Express Lane Parents 19-64
- Express Lane Under 19

Refer to attached design draft for details on Recommendations stated above.

Outreach

Description:

The list will be posted to the following locations:
CalSAWS Web Portal>System Changes>SCR and SIR Lists>2019>CIV-7564

Migration Impact

Description:

Same Changes will be implemented with CA-202778 in release 20.05
