This means that States could be expected to be in compliance as early as March 2020.</p> <p>California may be required to submit an updated waiver request under new waiver criteria. ABAWD Impact to Counties

CDSS has directed counties to apply the discretionary exemptions for non-exempt ABAWDS for the months of April and May 2020 and send out applicable Notices and ABAWD screening tool.

CalSAWS Next Steps:

02/19/2020:

1. Turn on ABAWD logic for non-waived counties with a begin date of 04/01/2020.

2. Automatically update the ABAWD Time Limit Clock records for non-exempt ABAWDS who are not meeting the work requirements and create the discretionary exemption for April and May 2020.

3. Run EDBC for April and May 2020

4. The system will suppress the CF 377.11B CalFresh Countable Month notice for all counties.

ABAWD Impact to Counties

3/21/2020:

1. Batch process will generate the following notices for all non waived counties except Marin:
CF 377.11C (CalFresh Informational Notice CalFresh Time Limit for ABAWDs)
CF 377.11E (CalFresh ABAWD Time Limit Exemption Screening form, with a single Cover letter)
2. Batch process will generate the CF 377.11D (CalFresh Discretionary Exemption for ABAWD) for all non-waived counties including Marin County.
3. Provide a list of ABAWDs that received a discretionary exemption. The list will be provided on 2/20, 5/1 and 6/1.

After **03/21/2020**, the system will continue to automatically apply the discretionary exemption for non-exempt ABAWDs for the months of April and May 2020; however, it will be the worker's responsibility to manually generate a CF 377.11D from the template repository and mail it with the 377.11C and 377.11E as needed for new applicants or when a recipient loose an exemption. The CF 377.11C, CF 377.11D and CF 377.11E will be available in the template repository.

ABAWD Impact to Counties

CalSAWS Outreach:

- Schedule an ABAWD functionality demo and click through for counties. This will take place in late February. For more information, refer to CRFI 20-006 sent on 1/29/2020.
- Inform the counties of existing ABAWD system training materials.
- CalSAWS finalize the design for Phase III ABAWD changes.

Spanish Translation Process

Currently, all English content for outbound correspondence (Forms/NOAs, Email, Text Messages, IVR, Mobile App) including Kiosk and Self-Service Portal is translated into Spanish by the CalSAWS project analysts and reviewed and approved by the County Spanish User group.

The Spanish translation process takes up to about 3 weeks. The project has worked with the CalSAWS translation vendor, United Language Group (ULG), to streamline the translation process to receive all threshold translations back from ULG within about a week. ULG has confirmed that they have capability to adjust the tone of the translated text to reflect the level of comprehension of a 6th grade reader to meet the Turner requirements.
