Main

Region #:	4
County:	Stanislaus
Submitter's Name:	Jennifer Hill
Submitter's Email:	hillj@stancounty.com
Submitter's Phone:	(209) 558-3408
Programs Impacted:	CalFresh
Request:	The CalFresh Discontinuance NOA does not populate a budget with the program is discontinued for $0 Allotment. Issue: The CalFresh Discontinuance NOA does not populate a budget with the program is discontinued for $0 Allotment for being over net income limits. The NOA does not provide a budget or an explanation showing County's calculation of customer's net income. Currently, the logic will generate on the budget on a CF Discontinuance NOA when the program is discontinued for reason of 'Over Income'. The CF program was discontinued for '$0 allotment', as a result, it will not trigger a budget to generate on the NOA. Instead, the $0 allotment reason fragment has the verbiage at the end that states 'Your household's net income is now higher than the limit of $<Limit> for <NumberOfPeople> people'. SCR 1001 (Update the Zero Dollar Allotment Reason on NOAs) implied that a budget would be generated. The Test suggestion: Run and save EDBC on a CalFresh that is Discontinued with the reason"$0 Allotment". Verify that the Discontinuance NOA generated with a budget and the $0 Allotment reason. Both steps state the NOA should generate with a budget, no budget listed on the NOA. We currently have two cases with hearings.
Recommendation:	When a CalFresh program is discontinued for $0 Allotment populate a budget showing the net income on the discontinuance NOA. Regs: ACIN I-151-82 and ACIN I-02-14
Area(s) Impacted:	Eligibility, Hearings
Committee:	CalWORKs/CalFresh
