Current Design: Currently the CSAWS_RouteDefaultDocBack.js only routes documents with the type of "Default" back to workers, the intention of this was to route documents that had not been assigned a document type back for proper indexing.

Request: Requesting that the script be updated to include the more recently added "Default" document types ("Kiosk Default", "Mobile Default", and "Default Clerical"). Additionally, add logic to retroactively route documents indexed as one of the new "Default" document types back into workflow. This change will assist the counties in preparing their data for migration into the new Imaging System.

Recommendation: Modify Line 174 of the CSAWS_RouteDefaultDocBack.js script as follows:

```
var VIEW_FILTER = Clib.rsprintf("([wfQueue] = '%s' AND [drawer] = '%s' AND ([docType] = 'Default' OR [docType] = 'Default Clerical' OR [docType] = 'Kiosk Default' OR [docType] = 'Mobile Default') AND [wfStatus] = '1') OR ([isInWf] = '0' AND [drawer] = '%s' AND ([docType] = 'Default' OR [docType] = 'Default Clerical' OR [docType] = 'Kiosk Default' OR [docType] = 'Mobile Default')) AND [docid] > '%s'", TempCompleteQueue, TempDrawer, TempDrawer, lastDocId);
```

Outreach Description: CIT to the C-IV counties

Operational Impact:
