Project Phase (SCR):	**Production**	Project Phase (SCR):	**Production**		
Other Agency Cross Reference:	**None**				

Current Design: Imaging Web Service and Document Upload Kiosk Behave Differently When Receiving Tracked Documents

Request: Imaging Web Service and Document Upload Kiosk Behave Differently When Receiving Tracked Documents

The design gap is that the lobby kiosk marks the record as Received multiple times in a row (42450, requirement 17) whereas the imaging scanner will only mark a record as Received under certain conditions (40755, recommendation 1).
