Non-Committee Review:

Expedite Approval: Received expedited start build approval from Karen J. Rapponotti on 10/25

Current Design: A Non-Minor Dependent (NMD) that meets the criteria of federal eligibility for Foster Care (FC), Approved Relative Caregiver (ARC), or Kin-GAP (KG) benefits is eligible for extended benefits until the NMD is 21 years old. The NMD is eligible for benefits until the end of the month in which the NMD turns 21 years old.

Request: Per ACL 18-15 effective the date of implementation, an NMD on FC, ARC and KG program is eligible to receive benefits until the day before an NMD turns 21 years old. C-IV will add a new daily task sweep batch jobs that will run when an NMD is approaching 21 years old. In addition, LRS will add two new daily batch EDBC sweep jobs that will run when an NMD turns 21 years old for Foster Care program and two new monthly Batch jobs for KG program.

Recommendation: An NMD is eligible to federal benefits in Foster Care and Kin-GAP until the day before their 21st birthday.

A batch sweep will be added to create automated tasks for FC/ARC/KG cases with an NMD that is approaching 21 years old in C-IV. In LRS for Foster Care program, there will be two new daily batch jobs to trigger Batch EDBC on the day prior to the NMD child's 21st birthday. For KG program there will be two new monthly batch jobs to prorate the benefit and to discontinue the program after NMD child turned 21.

New NOAs will be added for the prorated month the NMD turns 21 year of age and for the following month of Discontinuance. This will obsolete the existing NMD Age Rules Reason Fragment.

Outreach Description: A list will be provided to the counties.

Migration Impact Description: Per DDID #34, there will be a new Unified Task Management Solution that supports the multiple tasking models in both C-IV and LRS.

LRS will receive a new Batch EDBC Process with this SCR - the C-IV Counties will adopt this functionality as part of CalACES Migration.

Migration Impact Analysis:

Alternative Procedure Description: Manual / Override EDBC results.

1. Recommendation Change: {Description of Recommendation Change}
Before:
- Recommendation 2.4.5. Added a new Prorated Change NOA to both C-IV and LRS/CalSAWS.
- Recommendation 2.3.4. Added a new batch to prorate FC/KG children turning 21.
- Recommednations 2.3.5 and 2.3.7 added new batches to run EDBC to Discontinue FC/KG the month after the child turns 21.
After:
- LRS/CalSAWS only: Updated 2.4.5 to turn off the Prorated Change NOA. Note this is when Foster Care and Kin-GAP EDBC is run for the month the child is turning 21 and and there is a change in benefits due to proration.
- LRS/CalSAWS only: Updated 2.3.4. and 2.3.6 to not to schedule batch EDBC Sweep when FC/KG child turns 21 to prorate the benefit.
- LRS/CalSAWS only: Updated 2.3.5 and 2.3.7 to not to schedule batch EDBC Sweep the month after FC/KG child turns 21 to discontinue.

Expedite Approval:	
Current Design:	Currently the CSAWS_RouteDefaultDocBack.js only routes documents with the type of "Default" back to workers, the intention of this was to route documents that had not been assigned a document type back for proper indexing.
Request:	Requesting that the script be updated to include the more recently added "Default" document types ("Kiosk Default", "Mobile Default", and "Default Clerical"). Additionally, add logic to retroactively route documents indexed as one of the new "Default" document types back into workflow. This change will assist the counties in preparing their data for migration into the new Imaging System.
Recommendation:	Modify Line 174 of the CSAWS_RouteDefaultDocBack.js script as follows: var VIEW_FILTER = Clib.rsprintf("([wfQueue] = '%s' AND [drawer] = '%s' AND ([docType] = 'Default' OR [docType] = 'Default Clerical' OR [docType] = 'Kiosk Default' OR [docType] = 'Mobile Default') AND [wfStatus] = '1') OR ([isInWf] = '0' AND [drawer] = '%s' AND ([docType] = 'Default' OR [docType] = 'Default Clerical' OR [docType] = 'Kiosk Default' OR [docType] = 'Mobile Default')) AND [docid] > '%s'", TempCompleteQueue, TempDrawer, TempDrawer, lastDocId);

[CIV-104011] ACL 19-34 Update Kin-GAP Beginning Date of Aid Rules to Accept Mid-Month Application Date

Committee:	**[Foster Care/Kin GAP/AAP]**	Approved by Committee:	**2019-12-10 00:00:00.0**	Other Agency Cross Reference:	**CA-208184**

Non-Committee Review:

Expedite Approval: Approved by JoAnne Osborn on 12/11/19

Current Design: Currently KG programs need to have application date first day of the month to get the KG program approve and to evaluate the eligibility benefits.

Kin-GAP budget calculation subtracts net non-exempt income from Foster Care Basic Rate before adding the Special Care Increment (SCI) causing the Kin-GAP EDBC to fail for over income.

Request: As per the ACL 19-34, eligibility benefits for the Kin-GAP should be prorated and the program should be approved for any application date of the month. Kin-GAP EDBC Summary results page should be aligned with the proration details. The SCI / Special Needs amount should be added to the Foster Care Basic Rate before subtracting the Total Net Nonexempt Income for the new income test calculation.

Recommendation:
1) Modify KG Rate Summary and KG Rate Detail pages to accept and display Begin Date and End Date instead of Begin Month and End Month in C-IV.
2) Modify KG Rate Summary page to accept and display split rates in the middle of the month following the effective dating framework in C-IV like LRS.
3) Modify KG EDBC logic to approve the KG Program BDA (Begin Date of Aid) any day of the month on or after the Case Dismissal Date and Legal Guardianship Date.
4) Modify KG EDBC logic to calculate and prorate the aid payment including supplemental benefits for the partial month.
5) Modify KG EDBC Results Summary Page to move the Infant Supplemental Payment and Additional Rate (for LRS Only) from Kin-GAP Budget block to Aid Payment block to align with the new partial proration logic.
6) Modify KG Budget Net income test calculation to subtract Total Net Nonexempt Income from the sum of SCI amount and the Foster Care Basic Rate.
7) Modify KG EDBC Results Summary Page to move Special Needs line item before potential grant to align with the Net income test.
8) Modify KG EDBC Budget to split and calculate prorated days in a month based on the Rate split or SCI begin date from the Rate summary data collection details.
9) Modify#the existing KG EDBC not processed reason verbiage when a person is missing KinGAP placement rates for any day within the benefit month.
10) Modify the CIV Pre-EDBC skip logic to include validation for person missing a KinGAP placement rate for any day within the benefit month.

Outreach Description:

Migration Impact Description: Joint design has been approved through the Foster Care/Kin GAP/AAP Committee. LRS will implement this change with SCR CA-208184 in the 20.03 release.

Migration Impact Analysis: No Impact

Alternative Procedure Description:	User must manually prorate benefit and override EDBC results from Denied to Active.

Non-Committee Review:

Expedite Approval:

Current Design:
1. CalWORKs families are allowed to retain countable resources in an amount equal to the amount allowed under SNAP administered in California as CalFresh. CalWORKs families have property provisions that allow all members of the family to have no more than $2,250 in resources, unless an Assistance Unit (AU) member is 60 years of age or older or disabled, for which the case limit is $3500.
2. Any nonexempt vehicle is evaluated for the vehicle's equity value, not to exceed a limit of $9,500. Any equity value that exceeds $9,500 is counted against the AU's resource limit of $2,250 for a participant who is below 60 years of age, or $3,500 for an AU with a member 60 years of age or older or disabled

Request:
1. Per ACL 19-67, effective June 1, 2020 and annually thereafter (as of 1/1/2021) the resource threshold will increase by an amount equal to the increase in the California Necessities Index for the most recent fiscal year, therefore the CalWORKs resource limits will no longer be based on CalFresh. The maximum asset limit for a CalWORKs AU the will be increased from $2,250 to $10,000.
a. When a CalWORKs AU includes a member who is 60 years of age or older or disabled, the maximum asset limit will be increased from $3,500 to $15,000.
2. Effective June 1, 2020 the maximum allowable equity value of any nonexempt motor vehicle will be increased from $9,500 to $25,000.
a. Any equity value that exceeds $25,000 is counted against the AU's resource limit of $10,000, or $15,000 for an AU that includes a member who is aged 60 years or older or disabled.
3. For each motor vehicle with an equity value of more than $25,000, the equity value in excess of $25,000 shall be counted toward the AU's resources.

Recommendation:
1. Update EDBC rules (CT 335-84 CalWORKs Property Limit) that apply the resource test to perform calculations based on the new limits.
2. Update EDBC rules (CT 335-AN CW Motor Vehicle Disregard) that apply vehicle property limit amounts to perform calculations based on the new limits.

Notes:
Forms and NOAs will be updated to reflect the updated values as part of the SCRs CA-209033 C-IV-104383.
