Non-Committee

Review:

Expedite Approval:

Current Design:

LRS/CalSAWS recently updated the 2020 Federal Poverty Level (FPL) values based on ACWDL with CA-211064/CIV-105301

Any Medi-Cal EDBC run prior to the update used the 2019 FPL values per ACWDL 19-06.

Request:

1.Run Batch EDBC for Medi-Cal cases in accordance with ACWDL so that the new FPL values are correctly applied. The effective date of the 2020 FPL values vary as follows:

- Effective retroactively to January 01, 2020

- oApplicants and recipients in Medicare Savings Programs (MSP): Qualified Medicare Beneficiary (QMB), Specified Low-Income Medicare Beneficiary (SLMB), Qualified Individual 1 (QI-1) who do not receive Title II - Retirement, Survivors and Disability Insurance (RSDI) income

- Effective retroactively to March 01, 2020

- oApplicants and recipients in MSP (QMB, SLMB, QI-1) who are receiving Title II - RSDI income

- Effective April 01, 2020

- oApplicants in an active, non-MAGI program not included in the groups above

- Exclude Medi-Cal cases from Batch EDBC processing if the Medi-Cal program is assigned to a DCFS worker.

2.Provide lists of cases to the county when a case or person is discontinued from Medi-Cal, a Medi-Cal EDBC is Read-Only or when a case is not processed through Batch EDBC either from being skipped or because a MAGI Determination was requested on the case, but Medi-Cal EDBC has never been run against any MAGI Determination.

Recommendation:

Please refer to the attached design document for details on the listed recommendations.

Summarized Recommendations:

1. Identify Medi-Cal cases for which Batch EDBC must run for 2020 benefit months according to the guidelines in the ACWDL to apply the updated 2020 FPL values. Insert identified Medi-Cal cases into SYS_TRANSACT for Batch EDBC processing.

2. Operationally execute Batch EDBC. Batch EDBC will run only for the cases identified.

3. Generate lists to aid the counties after Batch EDBC completes.
