Current Design:	Per current CalSAWS functionality, when processing CW/CF EDBC for a prior month for intake application, the CW benefit grant received after the benefit month is being counted as unearned income for the CF benefit determination. For Example, If an applicant completes the application in March, and in April the CW/CF EDBC is approved; when the case is run for CW/CF EDBC for the benefit month of March and April, the CW benefit granted in April is being counted towards the CF budget as unearned income for the benefit month of March.
Request:	Per Federal SNAP regulations at 7 CFR 273.10(c) and clarified in CRPC 2167: "If the amount of income that will be received, or when it will be received, is uncertain, that portion of the household's income that is uncertain shall not be counted by the State agency". CW grant which has been received in a later month shall not be counted as unearned income in a prior CF budget calculation
Recommendation:	Update CF EDBC logic to not include CW benefit grant as unearned income when CF EDBC is processed for a prior month at initial application
Migration Impact:	No
Migration Impact Description:	Matches existing C-IV logic.
