# 1 OVERVIEW

---

The Self Service Portals (YourBenefitsNow! [YBN] and C4Yourself) and their corresponding mobile applications (Department of Public Social Services [DPSS] Mobile Application and C4Yourself Mobile Application) are applications that participants can use to apply for and view benefits.

## 1.1 Current Design

Currently when the YourBenefitsNow! (YBN) website, the Department of Public Social Services (DPSS) Mobile Application, C4Yourself website and the C4Yourself Mobile Application is down for maintenance these applications will not be available for use by the participants during the downtime period. During this time a static message will display to inform participants that the application is not available to be used, but it does not provide additional resources that is available during the downtime period.

Currently the YBN website, DPSS Mobile Application, C4Yourself website and C4Yourself Mobile Application display the following static messages:

YBN website: "YourBenefitsNow! is down for maintenance. Please try again later."

DPSS Mobile App: "System Maintenance. The DPSS Mobile App is currently down for system maintenance. Please try again later. We are sorry for the inconvenience. Need Help? Contact Us [YBN\\_Webmaster@dpss.lacounty.gov](mailto:YBN_Webmaster@dpss.lacounty.gov)"

C4Yourself website: "C4Yourself Unavailable. C4Yourself is currently unavailable. Please try again later."

C4Yourself Mobile Application: "Due to technical difficulties, we are unable to process your request now. Please try later."

Note: When the YourBenefitsNow! (YBN) website is down, the Department of Public Social Services (DPSS) Mobile Application will be down as well. However, when the C4Yourself website is down, it does not mean the C4Yourself Mobile Application is down as well and vice versa. The C4Yourself website and the C4Yourself Mobile Application are not dependent on each other.

## 1.2 Requests

Update the Self Service Portals (YourBenefitsNow! [YBN] website and C4Yourself website), their corresponding Mobile Applications (Department of Public Social Services [DPSS] Mobile Application and C4Yourself Mobile Application) downtime static messages, and the external CalSAWS Website (CalSAWS.org) to include more information that can provide participants with additional resources that are still available during the outage period.

## 1.3 Overview of Recommendations

1. Update the YourBenefitsNow! (YBN) website, C4Yourself website and Department of Public Social Services Mobile Application (DPSS) Mobile

Application downtime static message to include the following websites to provide participants with additional resources and their counties contact information.

- a. CalSAWS Resource page
  - b. Covered California website
  - c. CalFresh website
  - d. EBT website
2. Update the C4Yourself Mobile Application downtime static message to direct participants to the C4Yourself website during the downtime period since the website will be available for the participants to use.
  3. Update the external CalSAWS Website (CalSAWS.org) Resource page to provide participants with known system outage times, additional resources and their counties' contact information.

#### **1.4 Assumptions**

1. The "Current/Planned System Outages" box on the CalSAWS resources page will also be used as way to relay pertinent information for any unplanned outages to the YBN and C4Yourself website. Message will vary depending on the situation and discussion by all appropriate teams.

## 2 RECOMMENDATIONS

### 2.1 YourBenefitsNow! (YBN) downtime static page

#### 2.1.1 Overview

The message on YourBenefitsNow! (YBN) downtime static page will be updated to incorporate alternative public assistance sites that are available for participants to use for additional information during the downtime period.
