<b>Request:</b>	Case Summary Page View Remove SAR 7 Due Month Date when SAR 7 has been completed to prevent confusion of whether SAR 7 is Past Due The C-IV Case Summary screen currently shows for the CalWORKs and CalFresh programs a SAR Due Month field which shows the future month that a SAR 7 is due, however maintains that same Due Month Date once the SAR 7 is complete and prior to the RE being due/completed. It occasionally provides confusion that a SAR 7 was not completed when the SAR Due Month is in the past.
<b>Recommendation:</b>	Once the SAR 7 is completed, the Case Summary screen should show a blank SAR Due Month since the RE is the next thing due. Otherwise it should show the next future SAR Due Month. One additional option is rather than it showing the year it shows the SAR Due Months (i.e. SAR Due Months: January & July)
