Discussion Items

- E-signature – is there a workaround for CIV users working from home and don't have access to a scanner to complete the SAR7 E-signature process.

[Napa], R1

- E-signature and SAR 7 solutions - What is the solution for accepting the SAR 7 with an e-signature? Will the generated document have the ability to accept responses without having to create a workaround to use the e-Signature?

[Santa Barbara], R5

- Expiration dates on noncitizen documents - What is the requirement in CalSAWS for entering an expiration date for noncitizen documents (e.g. LPR card)? CalWIN has been instructed to enter an expiration date in the system for a seamless migration to CalSAWS. C-IV does not recall being asked to enter expiration dates.
- Reporting forms turned in through C4Y - SAR 7s or RC packets being uploaded into C4Y and not being automatically updated as received in C-IV.
- Opt-out non-citizens for CalFresh and the resulting NOA - Is there an upcoming solution with migration regarding Opting Out for noncitizens. C-IV counties have to use a workaround to get the correct results and generate a manual NOA.
- ESAP indicator enhancements – indicator enhancements requested in 2019.
- November Committee meeting falls on a holiday – moving to 11/10/20
- December ABAWD meeting – 12/9/20
