TEST

Welcome to GAIN, (Greater Avenues for Independence), the Los Angeles County Welfare-to-Work Program. My name is _____, and I am your GAIN Services Worker. As your Worker, I can help you find a job and/or job training. I can also help you with any problems you are having that may make it difficult for you to come to GAIN or to look for work. Your meeting with me **may take up to two hours:**

Date: _____ Time: _____ Location: _____

At this meeting, we will talk about some of the ways GAIN can help you find a job or a better job and/or attend school. GAIN can help you with:

- Finding a job that pays more money than your CalWORKs grant.
- Send you to school or training if you cannot find a good job and need more job skills.
- Referring you to professional counseling services (such as mental health counseling).
- Paying for books, supplies or any other work or school related expenses.
- **Allowing you time and referring you to available services to take care of personal or family problems that may make it difficult for you to participate in GAIN (such as homelessness, legal issues or safety concerns).**
- Pay for child care and transportation.

If you do not have a car, you can call **1-323-GO-METRO (466-3876)** to find out how to use public transportation to keep to this meeting.

Please find Child Care before your meeting with GAIN. You will also need Child Care when you start GAIN, so you can look for work, go to school, or go to Vocational Training.

YOU MUST COME TO THIS MEETING. If you can't come, CALL ME. Call me if you need to change the date or time of our meeting or if you miss the meeting, call me as soon as possible to reschedule another meeting. If you don't call and don't have a good reason for missing the meeting, you may lose part of your cash aid.

I look forward to working with you and helping you obtain the skills you need to find a job so that you can have the life you want.

We Believe in You!
