

CalSAWS Community:

We need your help! CalSAWS is hosting a survey to select a logo for our new statewide customer portal. We would love to hear from you!

Started in August 2020, our research team has interviewed customers and stakeholders. One use for the information collected is to create a uniformed look and feel for California's first statewide customer portal.

The name of the new customer portal is:

BenefitsCal®

BenefitsCal will be a unified site for customers to apply and manage their benefits. It will replace the existing portals: MyBenefitsCalWIN, C4Yourself, and YourBenefitsNow!

Selecting a new logo for BenefitsCal is an important element of the brand. We invite all County personnel to participate in the short logo survey!

We appreciate your help!

Sincerely,
The CalSAWS Team
