Current Design: The Family Member Base Allocation (FMBA) amount is used to determine how much the Long Term Care (LTC) beneficiary may allocate to family members.

Currently, CalSAWS maintains the limit for FMBA amount at 2019-2020 values which is \$2,114.00.

Request: With ACWDL 20-13, effective July 1,2020 through June 30, 2021, the FMBA amount for a family member living with the community spouse of a beneficiary with LTC status is \$2,155.00

Update CalSAWS with the 2020-2021 FMBA amount for individuals in LTC status.

Recommendation:

1. Update the code table value for MC LTC Family Member Base Allocation effective July 1, 2020 where FMBA limit with catgry_id as "335" and code_num_identif as "82" will be updated to \$2,155.00.
2. Generate a list of cases active on LTC with family members in addition to a spouse in the home July 01, 2020, or later which has Share of Cost greater than zero on the LTC budget, and the FMBA amount used in the budget is the previous year's amount (\$2,114.00).
List Name: Active LTC with previous FMBA value
The listing will consist of below columns -
