**Current Design:** SSI/SSP assistance is not automatically updated when the Social Security Administration (SSA) Cost of Living Adjustments (COLA) changes are applied to the Systems.  
**Request:** The Systems will generate and send a file to MEDS containing CalFresh persons receiving SSI or SSI/SSP Income. After sending the file, MEDS will provide a one-time response file that includes elements in the initial outbound file, as well as additional SSI and/or SSP payment amounts. CalSAWS will process the inbound file and update OPA records with the new SSI or SSI/SSP amounts. CalSAWS will generate an exceptions list containing records that could not be processed.  
**Recommendation:** Create a one-time outbound file for CalFresh persons receiving SSI or SSI/SSP Income and send to MEDS. Process a one-time Inbound MEDS SSI/SSP COLA Response File containing the data in the CalSAWS outbound file as well as additional SSI and/or SSP Payment Amounts. Create an exceptions list for the all unprocessed records in the Inbound MEDS SSI/SSP COLA Response File.
