Description:	<p>Purpose</p> <p>The purpose of this CIT is to notify Los Angeles and C-IV counties that CalSAWS has posted a one-time list for each system as a result of Defect CA-222705/CIV-108409 "Increase in Working Disabled Premium does not trigger Batch Read-Only Reason."</p> <p>Background</p> <p>SCR CA-215211/CIV-106907 "Prevent negative impacts in Batch EDBC to Medi-Cal beneficiaries due to Public Health Crisis or Natural Disaster" implemented in release 20.08, added a new protection that prevents negative impacts to individuals during a batch EDBC run. The code currently prevents impacts to customers from increases in Share of Cost (SOC), but not increases in premiums.</p> <p>SCR CA-222705/CIV-108409, implemented in release 21.01, added protection to prevent increases in the 250% Working Disabled Program (250% WDP) premium amounts by saving the EDBC as Read-Only when EDBC is run by Batch.</p> <p>Additional Information</p>
--------------	---

The 250% Working Disabled Program allows certain working disabled individuals to become eligible for Medi-Cal by paying low monthly premiums based on net countable income.

If a customer needs to get a reimbursement of paid premiums, please refer them to contact the following: 250% WDP at (916) 445-9891. The hours of operation are Monday through Friday 8:00am - 5:00pm. They are closed from 12:00pm-1:00pm, on weekends and State Holidays. The customer will need to provide verification of the payment when requesting the refund. Example: copy of canceled check(s), copy of bank statement, and/or EFT reference number. More information can be found in the attached PDF and online at [Working Disabled Program](#).

List Name: Cases with increase in WD premium but not protected by batch EDBC

List Criteria: Cases that have an increased working disabled premium by batch EDBC after CA-215211 implementation

Columns:

- Case Name
- Case Number
- County
- Unit
- Unit Name
- Office Name
- Worker ID
- CIN
- DOB
- New Premium
- Old Premium
- Benefit Month

Frequency: One-time

County Action: Workers will need to review each case and restore the premium back to the old premium amount it was prior to batch making a change.

To complete this, the worker will need to:

- Complete an EDBC override,
- Generate a manual NOA and
- Journal actions taken on the case

The premium should be corrected back to the old premium for any months that were not protected with a read only Batch EDBC during the Public Health Emergency (PHE).

The lists are available on the CalSAWS Web Portal at the following locations:
