

[CA-217713] Update NVRA VPF (1/13) Threshold languages with the State's translation

Issue Type:	SCR	Team Responsible:	Client Correspondence	Assignee:	Unassigned
Fix Version/s:	[21.05]	Designer Contact:	Connor Gorry	Change Type (SCR):	Operational Enhancement
Minor Version:		Expedite Changes:	No	Estimate:	107
Reporter:	Maria Arceo	Regulation Reference:		Created:	07/02/2020 09:07 AM
Status:	Design in Progress	Impact Analysis:	[Forms/NOA Translations]	Outreach Required:	
Policy/Design Consortium Contact:	Maria Arceo	Training Impacted:		Funding Source:	LRS M&E
Project Phase (SCR):	Production	Funding Source ID:			
Other Agency Cross Reference:					
Current Design:	SCR CA-211748 migrate NVRA VPF (1/13) to the LRS/CalSAWS system along with the Threshold languages. The Threshold languages do not reflect the State's versions. 'Worker ID' text on the Standard Header is not translated in all Threshold languages.				
Request:	<ol style="list-style-type: none">1. The following languages need to reflect the state version of the NVRA VPF; Armenian (Defect CA-217486), Russian(Defect CA-217525), Tagalog and Vietnamese(Defect CA-217523). 'Worker ID' on the Standard Header needs to be translated for all missing languages(Defect CA-217521).2. Turn off the PA 106 form				
Recommendation:	<ul style="list-style-type: none">-Update Armenian, Russian, Tagalog, and Vietnamese to reflect the State's version translation and any other language that does not reflect the State's version.-Translate the 'Worker ID' on the LRS/CalSAWS standard header for all Threshold languages. <p>Address the PA 106 as it is not needed due to it is identical to the NVRA VPF.</p>
