Update EDBC logic to auto-test for 4M when youth 18 years or older exits Foster Care

- Release Date 21.07
- Discussion

- When you create a new MC program is it under DPSS segment? Yes, it is under DPSS
- Who is the case assigned to? It will follow the auto assign logic
- What about the application and worker ID? – Taken as an action item
- If a FC worker is assigned that MC case, then would the FC worker get the task? The task goes to who is assigned to the case
- In an infant supplement situation, the infants MC would be assigned to the FC worker? Yes, the FFY would be assigned to someone else
- Will batch auto discontinue once the individual ages out? – Will have to be taken back for additional review

Topic

Important Points

- Is this opening a new program block or a new case? It is opening a new case and the MC program block is moved to the new case.
- The ISP logic in the system allows the ISP child to get MC
- If out of state, will a worker need to disc, or will it auto disc? It will disc automatically for out of state.
- Reminder, this is for FFY Discontinuances, not ALL Foster Care discontinuances.
- Will this logic place a youth who is over 18, but under 19 into 7J, or will it go straight to a 4M? It will go to 4M.
- If a County opts out of the auto re-assign does the MC continue with the worker who had the FC case? Yes, it would stay with the FC worker, and the FC worker would need to reassign.
- If the FC worker is also the worker for the infant's MC program, the Task will be unnecessary. Can we turn it off on our (the county's) end? YES

CalHEERS eHIT: BREfs - Consume SAWS Eligibility Authorization and Manage Downstream Processes

- Discussion-Job Aid
- Not updating Job Aids for C-IV due to migration in September.
- BV number and Title (17 specific to disposition transaction) in the CIT.
- Some of the transitions can be corrected by the worker, but most will require a help desk ticket. With this in mind- the suggestion was made to change the heading from 'What to fix' to something else- as this suggests that a worker can fix it.

CalHEERS eHIT: Enable Outbound Information Update Transaction (FYI only)

- Release date 21.06
- Discussion
- Once this is implemented, what happens to the transactions? They will be using a table so it will recognize that a transaction was sent and will work from there on.

2021 Federal Poverty Levels for Medi-Cal

- Release date 21.02/ Minor Version 21.02.23
- Discussion
- Scheduled to be in the system 2-23-2021.
- 300% is calculated at 3x 100% FPL- should they use the rounded annual FPL and then x by 3?
- Chris Salmon- CMSP- It would make the most sense to use the unrounded amount and then multiplying by 3.
- If Medicare Part B has \$0.00 State pay would it change to \$148.50? Yes
- Is there a reason why the Part B Premium amount is not being updated for customers with payment Method of 'Self'? State paid is auto updated, but self-pay is not-

Topic

Important Points

this is so that it doesn't affect other programs attached to the case.

Run Batch EDBC with 2021 FPL Values

- Release date 21.02/ Minor Version 21.03.13
- Discussion
- Expected to run March 13-14th
- For the read-only EDBC list, will cases with a pending eligible MAGI Renewal DER be included? If so, will they be identified like what happened with the SSA COLA EDBC read-only list? YES.
- FPL Batch Memorandum Call – February 16, 2021, 2:00-4:00
