Description: (Including any step-by-step instructions)	**Purpose** The purpose of this CIT is to provide counties with information on the OCAT interview cancelation batch job. **Background** OCAT has a batch that sends transactions to the SAWS applications to update OCAT referral statuses to 'Cancelled' if the status of an interview remains New, In Process, or Ready to Generate for more than 30 days. The OCAT interview cancelation batch jobs have not ran in CalSAWS, C-IV, or CalWIN since 1/24/2021, preventing OCAT referral statuses in SAWS from updating to a status of 'Cancelled'. A change will be implemented in OCAT on 6/23/2021 that will update the records in SAWS. After this change is implemented the SAWS applications (CalSAWS/C-IV/CalWIN) will receive cancelations as expected daily. **Additional Information** After the change is applied users will see the cancelation status on OCAT referrals if the OCAT interview was not completed within the 30-day period. **County Action** There is no user impact.
