2022 Committee Meeting Schedule	
	<ul style="list-style-type: none"> Background was provided on how the committee schedule evolved to what we have now. The SCR Webcast meetings are being re-evaluated. A few committee members provided input. The project staff will meet and inform the committee of the final decision. The highlighted dates on the schedule are due to the previous day being a holiday, committee agreed to push committee meeting to Thursday for those weeks. At this time, meetings are still being scheduled via Teams and not in-person.

Renewal Packets

- RE packet address population
- LTC packet for ARs (CA-235894 & CA-204087)

- There was an issue with the renewal packets populating with the mailing address instead of the office physical address where beneficiaries can submit their packets in person. The issue was corrected with CA-235986 on 11/04/2021.
- CA-235985 will fix the issue of the address not including the full office physical address (city, state, & zip code). Will go into production in a priority release.
- Renewal packets will no longer be sent to LTC ARs until CA-235894 & CA-204087 are implemented. Currently scheduled for release in 22.07.

2Z Updates

- CA-236526 Suppress AP19 MEDS Outbound for "DHCS Approved" (12/30/2021)
- CA-235644 Update Vital Stats Detail page to add 2Z (03/21/2022)

- CalSAWS previously recommended workers select "DHCS Approved" from drop-down menu but this sometimes resulted in MEDS alerts. CA-236526 will suppress these alerts.
- Workers are not able to select the "2Z" from the drop-down menu on the Vital Stats page. CA-235644 will add "2Z" to the drop-down menu with release 22.03.
- CalSAWS also noted the Vital Stats page is not required for a MAGI individual.

Walk-on Items

- CA-228332 for ACL 21-52. County asked if batch sends the CF 285 after the MC program is run in RE mode. CalSAWS said the trigger is active MC and RE run reason, no active CF and meeting CF criteria.
- CalWIN county asked about another county not being able to pick up an ICT. CalSAWS said there were some ICT issues with migration. CA-234218 going into production on 12/08 to address duplicate aid issue during ICT.
- CalSAWS reminded counties about Potential for Duplicate MC Aid list provided with CIT 0339-21 on 11/12/2021. Updates to the duplicate aid logic are going into production on 12/08/2021 with CA-232611. Counties need to make sure that any cases that have outdated Other Program Assistance records are updated otherwise individuals could be discontinued in a batch process.
- County brought up mail being generated and sent out on minor consent cases. For the most part, county mail address is used for minor consent cases. CalSAWS is looking into the issue.

- County asked if CalSAWS receives images from CalWIN with ICTs. Another county reported sometimes they get images, sometimes they don't. CalSAWS asked if there was a ticket open on issue and county was not sure. CalSAWS will check to see if any tickets were submitted and recommended counties submit tickets so CalSAWS can address issue.
- County asked if CalSAWS is incorrectly using IHSS income for a provider caring for child/spouse in the home. CalSAWS reported it is on a meeting agenda to discuss but did not have more information. CalSAWS is working on it and does plan to release a CIT soon.
- County asked if any word when PHE will end. CalSAWS said no, they have not heard of any end date at this point. CalSAWS reminded counties that even with a confirmed PHE end date, CalSAWS would wait for direction from DHCS prior to changing current functionality.
