Current Design:

Request:

In C-IV, the MC 219 had an option to save and print centrally. Since the MC 219 must be sent to all MC applicants, we used the save and print centrally option often to mail the form when we were not sending any other documents to the customer.

In CalSAWS, the MC 219 does not have the option to save and print centrally or locally – since it is a required form, this means we now have to print it locally AND document that we sent it.

Recommendation:

Allow the MC 219 to be printed centrally, and to be printed locally and saved to the case.
