Current Design: In CalSAWS, when a WTW program is updated to a status of 'Sanction', an automated task is created to have the worker manually add a CalFresh (CF) WTW Eligibility Non-Compliance.

Request: SCR CA-50303 implemented automation for creating WTW/REP Eligibility Non-Compliances for the Cash programs based on program 'Sanction' statuses added through Employment Services WTW/REP program status page. The Committee has requested that similar automation be included for creating CF Eligibility Non-Compliances based on WTW/REP 'Sanction' statuses.

- Recommendation:**
1. Update the WTW/REP Status Detail page to automatically create a CF WTW Eligibility Non-Compliance record based on the program 'Sanction' status record.
 2. Update the CF EDBC Summary page to display and store data in a new EDBC section called "Sanctions and Penalties".
 3. Update CF EDBC logic to populate the "Sanctions and Penalties" section of the CF EDBC Summary page based on CF WTW Eligibility Non-Compliances effective for the benefit period.
 4. Update Sanction Sync batch job to create CF Eligibility Non-Compliance records to 'sync' with 'Sanction' status records.
 5. Update WTW Sanction Created batch sweep job to also trigger CF EDBC when a WTW type CF Eligibility Non-Compliance record is effective the month following the batch run month.
 6. Update Automated Action detail page for 'Welfare to Work: CalFresh Disqualification Ending' and 'Welfare to Work: Sanction Ended-Update CalFresh Disqualification' automated actions.
