Description:	**Purpose** The purpose of this CIT is to provide CalSAWS counties with instructions on processing Non-MAGI cases with an income selection of "Child/Spousal Support Child Support - Through LCSA." **Background** Effective 01/2022, SCR CA-217945 added a change to the system that was to update the child support disregard from $50 to $100 for the CalWORKs (CW) program. However, the change was also applied to the Medi-Cal (MC) Non-MAGI program for the income selection of "Child/Spousal Support Child Support - Through LCSA." In release 22.05, defect CA-241131 will restore the child support disregard back to $50 for the MC program. **Additional Information:** There is currently no impact to MAGI Medi-Cal cases as Child Support income is exempt for MAGI. **County Action:** Until CA-241131 is released, if the Non-MAGI eligibility determination incorrectly applies the $100 child support disregard and there is an impact to the benefit results, counties must complete an EDBC override to issue the correct benefits.

	If the Non-MAGI eligibility determination incorrectly applies the $100 child support disregard and there is no impact to the benefit results, a journal should be added stating that an incorrect disregard amount was included in the Non-MAGI budget, but it did not affect the benefit results.
