Description: (Including any step-by-step instructions)	**Purpose** The purpose of this CIT is to inform CalSAWS Counties of SCR CA-229368 – HTML5 – Application Changes for Form Rendering, which was implemented with the 22.03.03 priority release. **Background** With this SCR, the forms will always open/display in **English** instead of the threshold language for the workers to view. However, the customers will continue to receive the form in their threshold language, and the form will be shown in the Distributed Documents page. CalSAWS has been receiving tickets as workers are expecting the forms to display in the customer's threshold language. **Additional Information** Online help (Job Aid) functionality for SCR CA-229368 will be deployed in the 22.03 release with SCR CA-236939. The Job Aid will provide detailed instruction on how to edit/review forms generated from the Template Repository or from online page pop-up triggers.

	County Action: Please share this information with the appropriate county staff. If you have questions on this CIT, please reach out to the Primary Contact and cc your Regional Manager(s).
