Description: (Including any step-by-step instructions)	**Purpose** The purpose of this CIT is to provide Los Angeles County with the seventh in a series of bi-monthly news bulletins, called the "CalSAWS Imaging Newsletter", that are specific to the Implementation of the CalSAWS Imaging Solution. Each CalSAWS Imaging Newsletter will include information related to Imaging implementation activities and will highlight some of the key functional changes coming with the CalSAWS Imaging Solution. **Background** The Imaging Change Management Team has received feedback from Los Angeles County through the Imaging Change Readiness Assessment Surveys and the Change Network. Based on this feedback, the Imaging Change Management Team is providing additional information about specific CalSAWS Imaging functionality. The Imaging Change Management Team developed the March 2022 edition of the CalSAWS Imaging Newsletter to provide information on the following CalSAWS Imaging Solution topics: • Imaging Go-Live Delay • Document Routing Rules and Tasks • Additional Resources

	Additional Information The CalSAWS Imaging Newsletter is provided in PDF file format and is designed to be shared with staff via email, posted on County intranet or other file sharing platforms (SharePoint), or printed and posted in District offices. **County Action** LA County is encouraged to disseminate the CalSAWS Imaging Newsletter to all CalSAWS users.
