Description:	<p>Purpose</p> <p>The purpose of this CIT is to inform CalSAWS Counties of an issue where the Income Reporting Threshold (IRT) amount is not being set on CalFresh EDBC's for households with the new 'Semi-Annual Reporting – No Report' (SARN) reporting type.</p> <p>Background</p> <p>With ACL 20-145, effective March 1, 2022, CalFresh (CF) Elderly Simplified Application Project (ESAP) households (HH) were no longer required to submit the annual SAR 7 Eligibility Status Report. SCR CA-220040 implemented this change by eliminating the generation of SAR 7 reports for ESAP households and created a new reporting type 'Semi-Annual Reporting – No Report' (SARN).</p> <p>The SARN reporting type was not included in the logic that calculates and sets the IRT on CF EDBC results. As a result, starting with the benefit month of 3/2022, EDBC's processed for CF households with the SARN reporting type do not have an IRT in their CF EDBC results. CalFresh NOA's that are generated for these cases do not show an IRT value (the IRT amount is displayed as 'VARIABLE' on the NOA).</p> <p>The following two SCR's have been created to fix this issue:</p> <ul style="list-style-type: none"> CA-244812 Update CF IRT logic to include 'Semi-Annual Reporting - No Report'
--------------	---

	<ul style="list-style-type: none"> CA-244814 Run CF Batch EDBC to set IRT on ESAP households <p>Currently, these SCRs are TBD, but we are working to expedite the fix.</p> <p>County Action</p> <p>Workers may manually generate the SAR 2 or NOA as needed if the IRT amount is displayed as 'VARIABLE'.</p> <p>If you have questions on this CIT, please reach out to the Primary Contact listed below and cc your Regional Manager(s) (RMs).</p>
