Assumptions

1	The Estimated Monthly Volume column is the average across the 27 months in this schedule.
2	Formula in the grey cells (<i>columns I through K</i>) = (Estimated Monthly Price column) times (Number of Months [<i>hard-coded in the formula</i>])). The only adjustment made to this schedule is the number of months.
3	In columns I through K, the number of months is based on the initial planned phased implementation dates. For example, Color Impressions per the RFP begin in Phase 3. Therefore, Color Impressions begin in month 21 of the contract and run through month 28 for SFY 2023; thus, there are only 8 months of operations for fiscal year 2023.
4	The Estimated Monthly Volume column is based on Section 2.6 of the RFP as the starting point. The starting point was adjusted for the 5% annual growth beginning month 13 of the contract and continued through SFY 2031 annually.
5	Volumes include: Los Angeles County, 39 C-IV Counties, and 16 CALWIN Counties; Volume exclude: Contra Costa and Tulare Counties.
6	Start Dates for M&O (Start of month following Implementation): Los Angeles County - 09/2021; C-IV Counties - 10/2021; CalWIN Counties - Wave 1: 11/2022; Wave 2: 03/2023; Wave 3: 05/2023; Wave 4: 07/2023; Wave 5: 09/2023; Wave 6: 11/2023.
