The logic that performs the reassignment did not automatically generate a New Worker Letter (CSF 163) as the existing batch could not be used due to it also re-assigning the worker a second time.	The EDBC Save & Continue logic has been updated to insert the New Worker Letter form trigger for batch to generate the New Worker Letter when an auto-reassignment has occurred due to a Foster Care to Medi-Cal Former Foster Youth (FFY) auto-test.
