Non-County Candidates - Regional Government Services (RGS) is a Joint Powers Authority that provides human resources and personnel administration for public agencies and municipalities. RGS has been a good partner to the CalSAWS Consortium who has contracted with RGS since 2009 and is expecting to continue utilizing this resource for CalSAWS Design, Development and Implementation (DD&I) and CalSAWS Maintenance and Operations (M&O). Payroll and benefits with RGS are comparable to working for a county; however, there is no reciprocity for years of service as there is between most counties with respect to retirement. RGS offers comparable pay and benefit packages for employees, which includes an employer retirement contribution and 401k offerings.
