

Benefit Amount Mismatch

Priority Level: 3

Programs Impacted: AAP, CalFresh, CalWORKs, Foster Care, Medi-Cal

Background

During the conversion cutover from CalWIN to CalSAWS, the system will run a Batch EDBC job for all active CalWIN cases. If the CalSAWS Batch EDBC results match the last saved CalWIN EDBC result, the system considers the benefits a **match** and saves EDBC. If the CalSAWS Batch EDBC **does not match** the existing saved CalWIN EDBC, the case will be flagged with a Yellow Banner and the Batch EDBC is not saved.

CalWIN Benefits will roll forward until the next EDBC is run in CalSAWS.

When EDBC is run in CalSAWS, if the last saved CalWIN EDBC benefit result that was determined in the CalWIN system does not match the converted CalSAWS EDBC benefit result. Run EDBC in CalSAWS to find the benefit amount mismatches and compare to the last saved converted CalWIN EDBC. Based on the differences, Users will need to verify the new CalSAWS results, update the data collection records, if applicable, take action based on county policy and authorize the EDBC results.

These cases will be identified in the **Conversion EDBC Case Review Report** as follows:

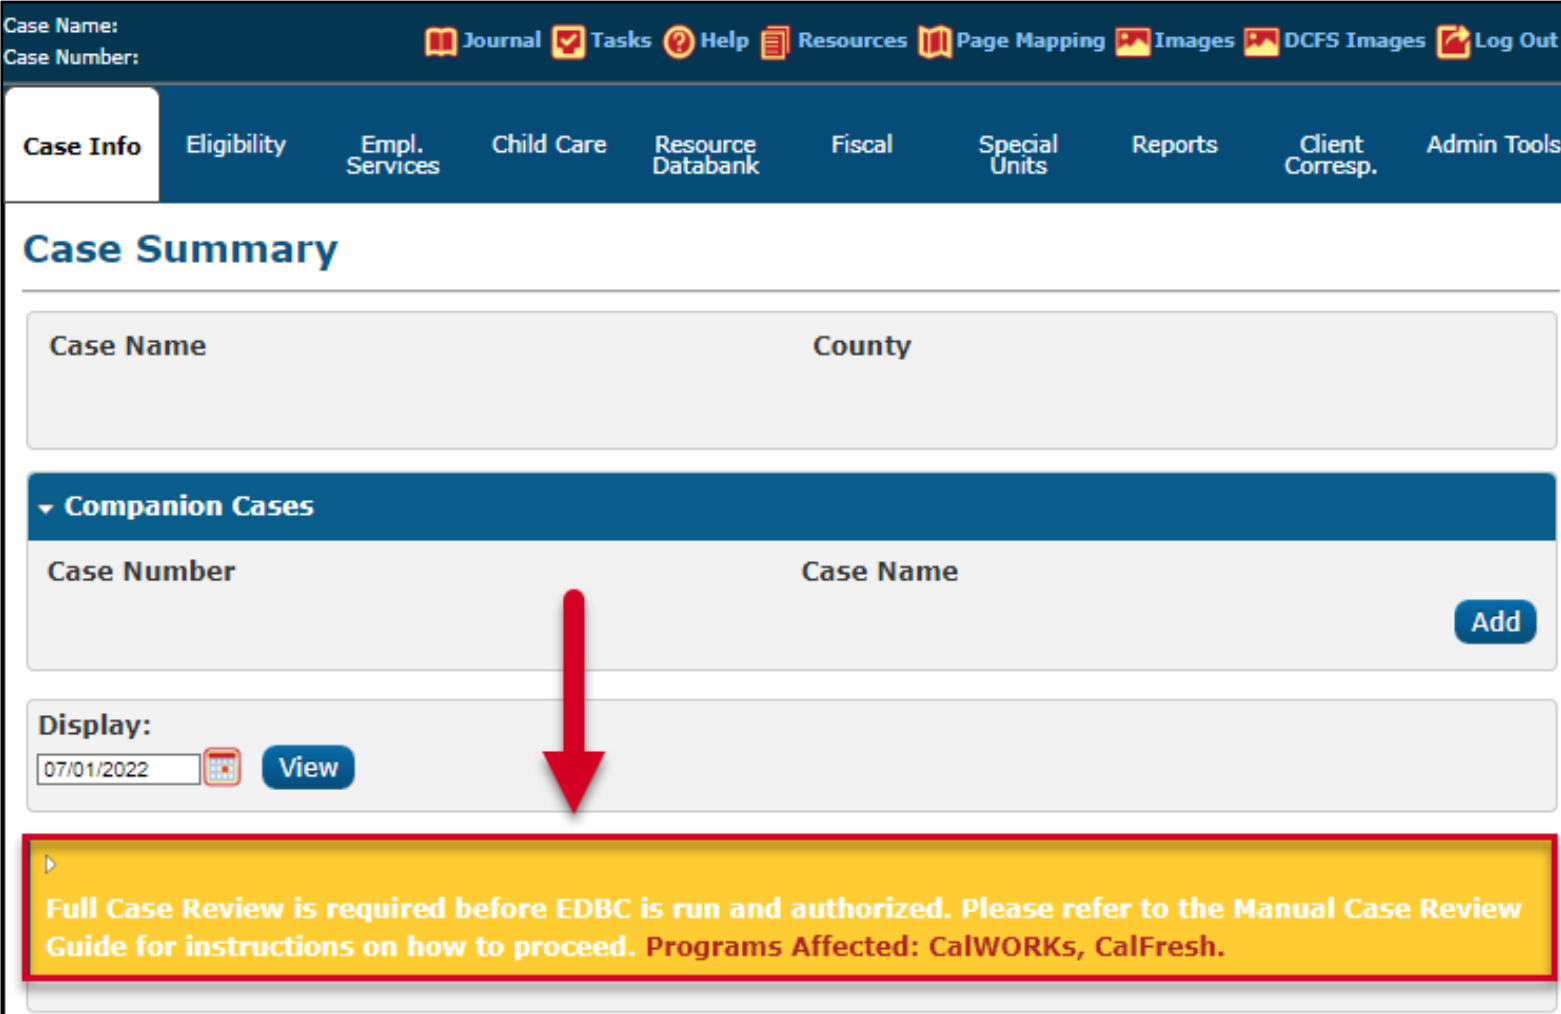

COUNTY_CODE	COUNTY_NAME	OFFICE_NUM_IDENTIF	OFFICE_NAME	WORKER_NUMBER	CASE_NUMBER	PROGRAM	MISMATCH_REASON	RE_DUE_DATE	PGM_STAT_RSN_CODE	PRIORITY	SSA_INCOME	SSI_SSP_OPA
00	Sample	00	1305 Sample	xxxxxxxxxx	xxxxxxx	CalFresh	Benefit Amount Mismatch	11/30/2022		3		

Note: The examples provided in these guides do not represent every scenario that a user might encounter. The scenarios provided below are intended to direct users to the most commonly impacted areas on the Yellow Banner report. A full and thorough review of each case must be conducted to ensure that all of the information is entered as accurately as possible to allow for a correct determination to be made.

- On the Run EDBC page:
1.

Select all applicable **Programs**
- ★

Note: Program fields must be selected first or the Begin and End Months will show grayed out.
2.

Populate your **Begin Month** and **End Month** with the next future Month. **Do not use multi-month EDBC to clear a Yellow Banner EDBC Mismatch alert.**
3.

Click **Run EDBC**
- ⚠

Ensure all programs on a case are selected when running EDBC as each program can have its own EDBC Mismatch reason. EDBC Mismatch follows program hierarchy and requires all programs be run at the same time to clear all EDBC Mismatch reasons on a case.
- When running EDBC, there are two types of validations that a User may experience if eligibility criteria is missing or pending.
- When experiencing a **Hard Validation**, EDBC cannot be run without the appropriate updates made to the data collection pages.
- When experiencing a **Soft Validation**, EDBC can still be run without making changes to the data collection pages. Follow your county policy.
- ★

Note: Although a Soft Validation will allow the user to run EDBC and remove the Yellow Banner, the pending verifications may result in a negative case action and/or potential over issuance. Follow your county policy.

5 Compare the benefit amount mismatch details with the last CalWIN **Conversion** EDBC run.

Users will need to identify any mismatches in the following areas: income, household size, living expenses, Other Program Assistance (OPA), Non-compliance/Sanctions/Penalties, etc.

Review for any discrepancies within data collection pages that could potentially change the last authorized Benefit Issuance Amount.

In this example, we will review the Converted CalWORKs Budget by first clicking the **CalWORKs link for 02/2022** and compare it against the new CalWORKs Budget by clicking the **CalWORKs link for 7/2022**.

12 To view and correct CalFresh benefit discrepancies that arise from “**Foster Care Transitional Housing Payments**” being counted toward CF EDBC results:

Users will need run EDBC for the Foster Care and CalFresh Programs in a specific sequence.

Converted EDBC’s may not be populating the **Transitional Housing Benefit** Amount, and thus the income is not excluded from the CF case. EDBC’s for the come-up month exclude that amount as expected.

Review and compare details within the **Unearned Income** hyperlink to review the type and amount of Foster Care income used in CF budgeting.

Access the active **Foster Care** case of the HH member feeding into the CalFresh budget and **run EDBC for the Foster Care Program separately** to determine the appropriate Foster Care payment rate and type.

Accept and Save the Foster Care EDBC results before navigating back to the CalFresh Case to run EDBC with the appropriate payment levels and types.

(An override may ultimately be needed to correct the benefit amount.)

Steps To Clear Alert

13 To view and correct Benefit Mismatches resulting from a **CalWORKs child receiving Child Support requesting exclusion** due to Senate Bill 380 (MMO - Medi-Cal Member Only Role):

Users will need to review the **Income List** in the case to ensure that the child requesting exclusion has an Income record for **Child Support** received.

The **Customer Options** page allows you to specify which child(ren) is being excluded from the CalWORKs MAP determination.

Navigate to **Customer Options** link in the task navigation pane and select the record of the **Optional Child** to review and ensure the appropriate options have been set. Failure to do so may result in incorrect benefits being issued.

In **Customer Options Detail** page:

- 1. Select: **Optional Child – Receives Child Support**
- 2. Indicate whether the child is stepsibling/half-sibling of an eligible CW AU member
- 3. Indicate whether a court order for support exists, and indicates a specific support amount per child
- 4. Click **Save and Return**, then navigate back to Run EDBC.

EDBC will determine if the child meets all requirements to exclude from the CalWORKs AU MAP based on the information on the Customer Option Detail page and the Income page.
