Important Points

Discussion Item

- **Mark SAR7 as Received for anything submitted from BenefitsCal as a SAR 7**
 - Shared SCR CA 245231 – Update imaging API for No Touch SAR 7 Logic when barcode is not available.
 - The imaging team received a request from leadership for this functionality.
 - SAR 7s must have a barcode for them to be marked as received. The request is to change this so that when a SAR 7 comes in through BenefitsCal, it does not need a barcode to mark it as received.
 - This would be for both Change and No Change SAR 7s
 - Suggestion was made to limit the functionality to a specific date range when looking for a SAR 7 that is due (example, Month of generation + 2 months)
 - Question asked: if a county has opted out of the No Change logic, will that change with this SCR? Action Item identified to take the question back and a request that an assumption be added to the SCR

Discussion Item

SCR CA-245231 will be updated to include functionality to ensure a task can still be generated for counties that have opted out of the No Change logic.

Discussion Items

- **CA 233168 – Guaranteed Income Pilot Program**

 - Due to ACL 21-137, Errata to ACL 21-137 and ACIN I-22-35, Region 6 is asking for 6 additional income types to be added to the Income page.
 - The SCR CA 233168 has been written as a placeholder SCR.
 - Region 6 will submit a County Design Input (CDI) form
 - Request was made to ensure the MC and GA/GR committees are informed of these proposed changes
 - Currently, LA is doing workarounds for these income types. They are entering "Guaranteed Income" in the Source field when the workaround is utilized.
 - LA is still working to finalize their process. Once their process is finalized they will share it.
- **Restaurant Meals Program and Authorized Rep**

 - Region 6 had a question regarding a client that is eligible to the RMP and has an AR. Currently the ARs card is not flagged as eligible to the RMP.

Discussion Item

- Region 6 has submitted a question to the State and will wait for a response from them.
- This item was also discussed at the CTS meeting and a response is pending.

- **Employment Services registration for CFET clients**

- CalWIN counties are preparing for migration and Region 1 wanted to know which CalSAWS counties are doing to address registering clients. It appears the worker must select the client as a mandatory participant, but the program is voluntary.
 - Kern went over the process their county follows. They screen every applicant to determine whether or not they are a mandatory participant because the requirement is still there for them to screen. They then give an exemption since participation is voluntary. She did indicate they have gone through several ME reviews and have not had any issues in regards to their process.
