

SCR #	Title	Previous Design	Now
CA-204132	Update CalSAWS to issue WINS Benefit only after CalFresh is Issued	When a regular benefit issuance is skipped for CF EDBC, supplemental benefit amounts for WINS and SUAS were issued for the benefit month from the skipped CF EDBC. If the reason for the skip issuance was resolved and EDBC is re-ran for the benefit month, the previously skipped EDBC were a Regular EDBC with Accepted and Saved run status due to having generated a WINS/SUAS issuance. As a result, CalSAWS created a duplicate regular CF benefit record, one for both the previously skipped EDBC and the current EDBC. Release Note - Now:	The issuance sweep jobs were updated so that WINS and SUAS issuances are not created if a regular CF issuance hasn't been generated from the EDBC for the effective month.
CA-253355	Income Multiplier Does Not Apply in Application Month	For CalWORKs and CalFresh, when an income frequency is 'Weekly' or 'Every Other Week' and spans the period, the income amounts were averaged, and a multiplier is applied.	EDBC logic was updated for CalWORKs and CalFresh so that reported income is counted, and the multiplier will not be included in the calculation for the application month when an income frequency is 'Weekly' or 'Every Other Week' and spans the reporting period.
