Assumptions:

- *General Assumptions*
  - The charges set forth in Section III below (the “Total Charges”) are an estimate and are subject to changes at the time of ordering. The estimate includes shipping/handling and taxes as appropriate. The final charges will be provided to the Consortium at the time of invoicing.
  - New equipment will initially be delivered to the CalSAWS Remote Depot in Rancho Cordova, California where Accenture staff will asset-tag and image the kiosks. Once those activities have been completed, Accenture will transport the equipment to the County.
  - Taxes for equipment items were estimated at a rate of 8.75% and based on the initial shipping location of Rancho Cordova, California.
  - Shipping/handling charges for equipment items were estimated at a rate of 3.0%.
  - Hardware, Hardware Support, and Administrative Charges will be invoiced in full upon receipt of hardware acceptance.
  - Software Charges will be invoiced upon receipt of the software, as software will be electronically delivered by the software vendor.
  - The Consortium will retain ownership of all software licenses purchased under this County Purchase.
  - Because equipment items with unit prices greater than \$5,000 are capital assets, ownership of those items will reside with the Consortium. After those equipment items have been fully amortized, the Consortium will transfer ownership of those items to the County.
  - Financing is not available for equipment, including those that are capital assets (i.e., items with unit prices exceeding \$5,000).

- The kiosks on this order are intended for use in the lobbies of three (3) of the County's existing non-Managed sites. The table below lists the address of each site and the total quantity of Managed kiosks that will be deployed at each site.

Site Address	Quantity of Managed Kiosks	Total Kiosks
1330 W. Middlefield Road, Mountain View, CA 94043	2	2
379 Tomkins Court, Gilroy, CA 95020	2	2
1919 Senter Rd, San Jose, CA 95112	2	2
<b>Total</b>	<b>6</b>	<b>6</b>

- After installation, future moves of the kiosks to different County offices would result in additional Administrative Charges. These charges would be provided to the County via a separate County Purchase.
- Administrative Charges are included in this County Purchase for Accenture staff to perform the following tasks:
  - Asset-tag, image, and transport six (6) kiosks.
- R&A Change Budget Services will be worked and invoiced on a time and materials ("T&M") basis. Invoices for such charges will be submitted to the Consortium monthly in arrears, and the Consortium will, in turn, invoice the County. R&A Change Budget Services are included in this County Purchase for Accenture staff to perform the following tasks:
  - Configure six (6) kiosks.
  - Provide up to forty-eight (48) hours of support prior to deployment of the kiosks for site evaluation and to assist the County with its definition and creation of the process flows for the kiosks' initial deployment.
    - This estimate is based on up to sixteen (16) hours of assistance for the creation of one (1) process flow per site for the three (3) County sites where the kiosks will be deployed. These charges are based on three (3) process flows for the kiosks on this order.
    - Although Accenture assistance will be provided to the County, the County will fully own the responsibility of defining and creating the process flows for the application on the kiosks.
  - Provide up to forty-eight (48) hours of on-site support and training following deployment of the six (6) kiosks. One (1) resource will be available to the County for eight (8) hours per day.
  - Accenture staff will work with the County to develop a schedule for providing support following approval of this County Purchase.
    - R&A Change Budget Services will be worked and invoiced in State Fiscal Year ("SFY") 2022/23, through May 31, 2023. If the County requests for hours to be performed during SFY 2023/24, then a revision/amendment to this County Purchase would be required.
    - Accenture and County will monitor the hours for R&A Change Budget Services and discuss the addition of more hours if necessary. Any additional hours required for R&A Change Budget Services would result in additional charges. These additional charges would be provided to the County in a separate County Purchase.

- The County will be responsible for monthly recurring Technical Infrastructure Services Charges for enhanced central support for the six (6) Managed kiosks on this order.
  - These recurring Technical Infrastructure Services Charges will apply to the six (6) kiosks once deployed and in use and are based on an estimate of up to four (4) hours per month per kiosk.
  - Recurring Technical Infrastructure Services Charges for enhanced central support are estimated to commence February 1, 2023 and continue through the end of the Base Agreement, October 31, 2023.
  - These Technical Infrastructure Services Charges will be invoiced on a time and materials ("T&M") basis. These charges are based on an estimate of four (4) hours of support per month per kiosk.
    - Accenture will monitor the hours for enhanced central support and discuss the addition of more hours with the County if necessary. Any additional hours required for ongoing support of the kiosks would result in additional Technical Infrastructure Services Charges. These additional Charges would be provided to the County in a separate County Purchase.
    - Recurring Technical Infrastructure Services Charges will be invoiced in monthly arrears to the Consortium, who will then invoice the County.
  - Enhanced central support for the kiosks includes the following:
    - Service requests would be transferred directly to Level 3 support.
    - Process support would be provided to the County for any changes or updates to the process flows on the kiosks following deployment.
  - Enhanced central support excludes any enhancements to the CalSAWS custom applications for the kiosks.
- The County must (1) approve this County Purchase and (2) provide the corresponding approved Advance Planning Document ("APD") from the Office of Systems Integration ("OSI") that supports this purchase by November 11, 2022 in order to proceed with this purchase. Otherwise, the estimates provided in this County Purchase will not be valid and a new County Purchase will be required.
